LORELL

Makerspace Storage System Design a workspace with plenty of storage to keep equipment and supplies neat and organized. The Lorell Makerspace Storage System features bin units and doored units with shelves that combine to create a modular, flexible storage system ideal for the education and business applications.

- Units with bins or doors
- Pull-out bins allow for easy transport of tools and materials
- Mobile options for easy portability
- Cabinets with legs are raised off of potentially wet or damp floors
- Easy to install thanks to the bolt-together design
- Upper cabinets attach to locker cabinets or mount to the wall
- Contains 28% recycled materials
- Greenguard Gold Certified
- Covered by Lorell Limited Lifetime Warranty

LINK Training & Collaboration Tables

Learn, Collaborate and Reconfigure with ease. Featuring heavy-duty casters and easy ganging clips, LINK tables offer flexibility to quickly reconfigure any room in minutes and accommodate different size groups and meeting styles.

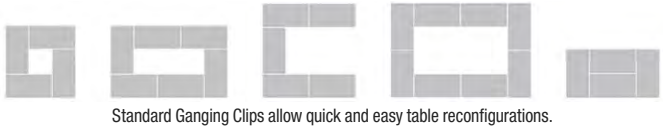

- Flip bases allow tight nesting for space-saving storage
- Rubber bumpers protect tops from scratching nested tops
- Easy to operate single point release bar provides an easy access under the full length of table
- Two locking and two non-locking casters
- Standard ganging clips (included with bases) are precisely positioned in each corner for quick and easy table reconfigurations
- Durable 1" laminate tops feature low-profile 3mm matching edge
- Tops are pre-drilled for easy installation
- Meets or exceeds ANSI/BIFMA performance standards
- Tops and bases are sold and shipped separately – **ORDER BOTH**

CHAIR FEATURE INFORMATION for Chairs on pages 70-98

The diagrams below identify those features that best suit your needs.
The number key matches the examples found throughout the seating section.

Height & Depth Controls

1. Pneumatic Seat-Height Adjustment
Regulates height of chair relative to floor.

2. Back-Height Adjustment
Positions lumbar support within a fixed range.

3. Seat-Depth Adjustment
Positions chair back relative to seat.

4. Seat Glide Mechanism
Seat cushion travels forward and back, then locks into position.

Seating Controls

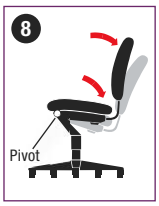

5. 360 Degree Swivel
Standard on every executive and task chair.

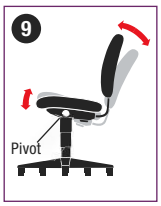

6. Tilt
Pivot point located directly above center of chair base.

7. Mid-Range Knee Tilt
Pivot point located slightly ahead of center of chair base. Allows user to recline at a slightly more relaxed angle than conventional tilt.

8. Knee Tilt
Pivot point located near front edge of chair. Allows user to keep feet flat on floor while chair reclines.

9. Dual-Action Synchro Tilt
Back reclines at a 2-to-1 ratio to seat angle. Allows user to recline while keeping seat cushion relatively level to floor.

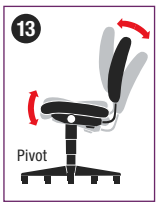

10. Tilt Tension
Controls rate and ease of recline.

11. Tilt Lock
Locks out tilt function when chair is in upright position.

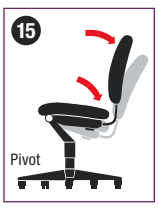

12. Posture Mechanism/ Lock
Back angle adjusts independently of seat, and can be locked in an infinite number of positions.

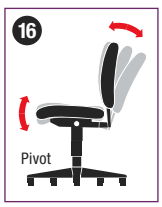

13. Multi-Task Control
Adjusts seat and back angles with a single lever (infinite locking within a fixed range).

14. Asynchronous Control
Three levers modify:
- Angle of back relative to seat
- Tilt (free float or infinite locking within a fixed range)
- Forward tilt

15. Synchronized Knee Tilt
Back reclines at a 2-to-1 ratio to seat angle. Pivot point located near front edge of chair.

16. Dual-Clutch Posture Control
Adjusts seat and back angles independently with two levers (infinite locking within a fixed range).

17. Variable Synchro Tilt
Back reclines at a 2-to-1 ratio to the seat. Chair can tilt freely, or lock in position. "Forward angle" control provides an extra 5 degrees in the range of motion.

18. Inverse Synchro Tilt
With automatic tension control opens torso for better circulation. "Zero lift" seat front helps keep feet on the floor when reclining. Tilt limiter controls range of motion.

19. Independent Seat and Back
Seat and back flex independently for automatic comfort

20. Integral Lumbar Support
Easily adjusts to enhance comfort

Arm Options

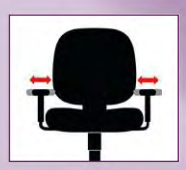

Fixed Position T-Arms

Loop Arms

Adjustable-Height Arms
Provide improved upper-torso support. Can be adjusted periodically to relieve strain and provide variety.

Adjustable-Width Arms
Quick-adjust design places arms close to body for keyboarding, or out to sides for ease of entry.

Each arm rotates 30 degrees and adjusts 2½" in height. Position inboard for keyboarding, outboard for entry and exit.

Assembly needed. Please call for details.

LORELL

A. Seatslider Task Chair & Slipcovers The horizontal mesh back task chair is designed with comfort and ease in mind. The chair features a technology called a Synchro-Tilt Mechanism. This allows the backrest and seat to tilt in unison. The back tilts more than seat and is also tension adjustable. The chair also features adjustable arms, a seat slider, and a pneumatic gas lift that allows for easy adjustable height and a weight limit of 275 lbs. Change up the look of your work area with the quick addition of this removable, mesh seat cover. Convenient drawstring closure makes it easy to secure onto your seat and remove. Seat cover is made of 100% polyester and machine washer safe.

Chairmat Selector Guide

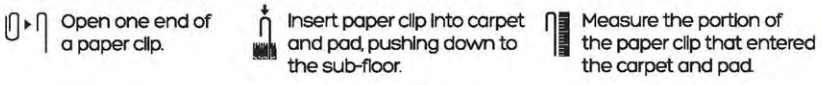

1. surface:

FOR CARPET | **FOR HARD FLOORING**

2. Determine use. For greater use, weight or carpet thickness, move right:

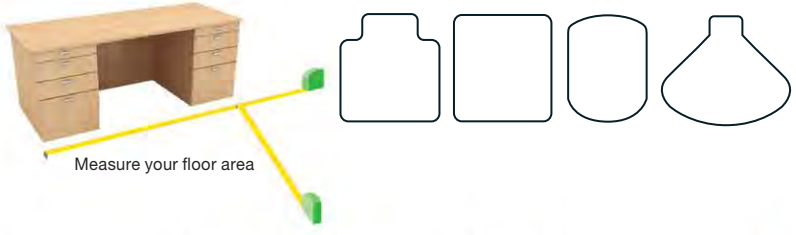

3. Measuring your carpet thickness:

Carpet thickness:

4. Measure your space:

Extend the life of your carpet, or hard floor with a chairmat.

The rolling casters of a chair can tear and pull at carpets or create marks in hard floors – but a chairmat acts as a line of defense against any damage. They also help your chair roll smoothly, helping to prevent any unnecessary strain.

Studded/ Gripper Back Notched studs grip carpet, but won't pierce or damage carpet backing.

Smooth Edge Smooth edge for easy-on/easy-off chair movement.

Crystal Clear Transparent mats let the beauty of your flooring shine through.

Anti-Static Designed for use with sensitive electronic equipment. Chemically formulated to dissipate static electricity before it has a chance to damage sensitive equipment.

Checkered Back Premium mat features innovative checkered grid on bottom for optimum carpet grip.

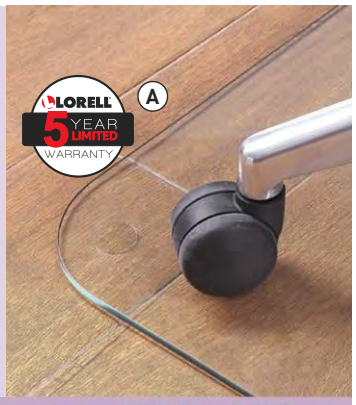

Assembly needed. Please call for details.

Choosing The Right Safe Or File For Your Business

It's crucial to make sure your important business records, documents, data and other valuables are protected from fire, flood and theft. Choosing the right safe or file can make all the difference. Look for these helpful icons to help identify what items each safe protects, as well as what types of protection each provides.

What Am I Protecting?

Digital Media
Look for ETL verification for proven protection of USB & flash drives, memory sticks, CDs and DVDs

Documents
Some products hold hanging file folders or various sized paper laid flat to keep paper documents organized and undamaged

What Types Of Protection Are Available

Water Protection
Products that are ETL verified for water protection are tested in two categories:
- Waterproof products can be completely submerged in water
- Water-Resistant products protect against sprinkler and water spray exposure

Fire & Explosion Protection
ETL verified and UL classified. Proven to protect the contents from the perils of fire, explosion and impact

Security Protection
Choose a solid steel constructed safe with pry-resistant doors and bolt-down kits to help prevent unauthorized access to your valuables

½-, 1- or 2-Hour UL Proven Fire Protection

UL Explosion Test

UL Drop Test

LORELL

Smart Storage Solutions Lorell has a storage solution for any office need. Combo Files blend the perfect combination of file storage and open storage. Personal Storage Center maximizes storage in one space-efficient cabinet with three different storage options. Box/Box/File Lateral File and Combo File box drawers perfectly organize smaller office items that typically get lost in a standard file drawer. Share the same aesthetics and durable construction as the Lorell lateral and pedestal files.

E. Self-Laminating Magnetic Style Badge Kits Holder provides a permanent seal around the insert to secure the badge in place. Simply position the business card or customized ID badge inside the protector, peel back the protective liner and seal. The two-piece magnet secures the name badge to clothing without pins or clips, avoiding damage to clothing. Kit comes complete with inkjet/laser inserts, which have built-in templates in Microsoft Word and Corel WordPerfect.

D. Basic View Binders The three ring binder is a longtime standard in document organization. The front and back covers plus the spine of this view binder are customizable. PVC free polypropylene construction makes this binder more durable and safer for the environment than vinyl. It will not break down in cold weather and does not release harmful toxins into the air. Chipboard is made of 100% recycled materials. Includes two interior pockets.

USDA CERTIFIED BIOBASED PRODUCT
PRODUCT 59%

E. Earth's Choice Fashion Color Biobased Round Ring View Binders Bright fashion colors offer a stylish organization solution. Combined biobased and recycled properties offer a perfect balance of sustainability benefits. Composed of at least 59% biobased material including environmentally friendly polypropylene cover made with 25% plant based renewable polyethylene. USDA Certified Biobased Product. Biobased content tested using ASTM D-6866 standards. Designed for durability and frequent daily use at home, school, or office. Clear overlay with non-glare finish on front, back, and spine for easy customization. Non-stick material will not transfer ink nor lift copy from materials inserted in cover or placed inside. PVC free — enhanced durability, acid free and archival safe. Cover chipboard is made from 100% recycled fiber with at least 98% post-consumer content. Ring mounted on back lid allows pages to lay flat and reduce wear on punched pages. Two interior clear pockets provide extra storage for loose or unpunched materials.

samsill
Protect. Organize. Empower.

D. Earth's Choice Biobased Heavy Duty D-Ring Reference Binders Combined biobased and recycled properties offer a perfect balance of sustainability benefits. Composed of at least 59% biobased material including environmentally friendly polypropylene cover made with 25% plant based renewable polyethylene. USDA Certified Biobased product. Biobased content tested using ASTM D-6866 standards. Non-stick material will not transfer ink nor lift copy from materials inserted in cover or placed inside. PVC free – enhanced durability, acid free and archival safe. Soft click locking D-ring opens with one simple motion and holds up to 25% more sheets than a standard round ring. Thicker cover chipboard is made from 100% recycled fiber with at least 98% post-consumer content. Two interior clear pockets provide extra storage for loose or unpunched materials.

Post-it

A. Post-it Flex Write Surface Gives you the flexibility to instantly transform your worksurface into a whiteboard and the freedom to write with even a permanent marker without stains. Long-term planning is easier than ever with the use of permanent markers to prevent accidental smearing and erasing. Permanent marker wipes away with water. Remove writing from a dry-erase marker with a cloth. With just three easy steps, this whiteboard surface is simple to use to capture your team's ideas, inspire creative thinking and track projects. First unroll the whiteboard surface. peel off the backing and then stick to your worksurface. The flexible whiteboard removes cleanly with no damage to your wall or repurposed blackboard.

F. InvisaMount Magnetic Glass Dry-Erase Boards

Premium, tempered glass surface dry-erase board is stain and ghost resistant. Glass is magnetic and offers a smooth writing surface. Use with dry-erase markers and rare earth magnets. Frameless design allows boards to be lined up side-by-side for an extended writing platform. Wide format size to match 16:9 aspect ratio for projection screens and televisions. InvisaMount feature with hidden hardware maximizes usable board space. Detachable aluminum marker tray, marker and magnet accessories included. Limited 20-year warranty.

A

SERTUN

A. Sertun Color-Changing Indicator Towels

An excellent way to know when you are properly sanitizing any food service surface such as tables, counters, food prep surfaces. The towel has been developed to be used with a quat sanitizer solution. Once the towel has been saturated with the proper level of quat sanitizer the towel changes colors from yellow to blue. As the user sanitizes hard surfaces and the sanitizer is depleted, the towel changes back to yellow indicating it's time to recharge in the sanitizing solution. Excellent for use in schools, hotels, country clubs, day cares and cafeterias and any place that serves food or beverages that uses a quat-based food service sanitizer.

A. Samsonite® Tectonic 2 Backpack

Durable backpack is constructed of a strong, ballistic fabric with diamond ripstop accents to keep your belongings safely stored. Padded laptop compartment protects most 15.6 inch laptops from shocks while traveling. Smart sleeve allows the case to slide over upright handle tubes for easy transport. Brushed tricot sunglass pocket protects the frame and lenses of your eyewear from scuffs and scratches. Two quick-access storage pockets keep smaller items easily within reach. The padded top carry handle is perfect for traveling shorter distances. Backpack measures 12 x 9 x 2-⅞ inches.

C. Samsonite® Tectonic Backpack

Samsonite Tectonic Large Backpack is made of an extremely durable ballistic fabric. Easy-access padded compartment protects most 17 inch laptops from shocks and scratches during travel. Padded pocket for your tablet features a soft brushed tricot lining to prevent damage to the screen. Top carry handle lets you lift the bag with ease or carry it by hand. Soft straps disburse weight evenly on your shoulders to prevent fatigue when carrying heavier loads. SmartStrap slides over upright handles for consolidated travel. Elastic side pockets conveniently hold drink bottles and allow quick access. Backpack measures 13-½ x 8-½ x 18 inches.

MMF

Ⓓ

D. Cash Transmittal Bags Made of strong, clear polyethylene with a tamper-resistant adhesive seal for added security. Large imprinted white-shaded box on side is perfect for identifying contents, owner's name and dollar amount directly on the bag. Clear.

PRODUCT NO.	SIZE	PACKED	LIST PRICE
9-1496183-526	6" x 9"	100	33.79 PK
9-1377574-526	6" x 9"	500	180.19 BX

Tamper Indicators

1. Cold Indicators - Bag seal features easily detectable 'VOID' graphics which give instant evidence of attacks on the bag by freezing agents such as coolants or Freon. Serrated edges tear when tampered.

2. Saliva-Indicators - Saliva-soluble ink reveals tampering from saliva, solvents or other chemicals. Use of such substances cause dissolution and distortion of the black "star" graphics featured under the seal.

3. Seam Indicators - If seams are cut and resealed, microprint along sides will be missing or distorted.

Ⓒ

C. FREEZFraud Tamper-Evident Deposit Bags Durable co-extruded film is water- and tear-resistant as well as recyclable. Self-sealing adhesive closure. Security features include seam, saliva and cold tamper indicators. Alphanumeric numbering, bar code and receipt create a permanent audit trail.

BUSINESS SOURCE ®

D. Blackout Privacy Filters

Prevent unauthorized viewing. Helps ensure the privacy of on screen data on your LCD monitor. Microlouver technology creates a restricted narrow viewing angle so image is only visible to those directly in front of the screen. Side view is black. Protects delicate LCD surface from damage. Eliminates glare and increases contrast. Higher light transmission for better visual clarity. Overlays LCD surface for a built-in look. Includes microfiber cleaning cloth.

How to find the right size filter for your device.

Follow these instructions to select the right size filter for your device.

Step 1: Determine your screen type

Raised bezel: Screen with a raised frame

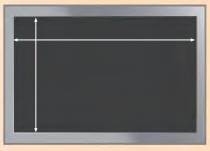

OR

Flat front glass screen: Edge-to-edge glass screen without a raised frame

Step 2: Measure your screen

For a raised bezel screen, measure the width (w), height (h) and diagonal length if applicable, of the screen's viewable area within the bezel.

OR

For a flat front glass screen, measure the width (w), height (h) and diagonal length if applicable, of the entire glass display.

Step 3: Find your filter

Best fit tips:

- Don't see a product that matches your measurements? Select one that is ***smaller***, yet closest to your measurements.
- Buying a Framed Black Privacy Filter for monitors? Select one that is ***larger***, yet closest to your measurements.
- Buying for a custom device? Select the product that matches your device model, size and screen resolution type.

How to find the right size filter for your device.

Follow these instructions to select the right size filter for your device.

Step 1: Determine your screen type

Raised bezel: Screen with a raised frame

OR

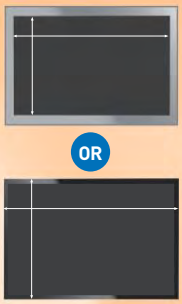

Flat front glass screen: Edge-to-edge glass screen without a raised frame

Step 2: Measure your screen

For a raised bezel screen, measure the width (w), height (h) and diagonal length if applicable, of the screen's viewable area within the bezel.

For a flat front glass screen, measure the width (w), height (h) and diagonal length if applicable, of the entire glass display.

Step 3: Find your filter

Best fit tips:

- Don't see a product that matches your measurements? Select one that is ***smaller***, yet closest to your measurements.
- Buying a Framed Black Privacy Filter for monitors? Select one that is ***larger***, yet closest to your measurements.

Moisture and tear resistant

C. Tech-No-Tear Envelopes

Durable envelopes have poly coating for superior moisture and tear resistance. Poly paper material makes envelopes less flexible allowing easier insertion of contents. Paper side allows envelopes to be written on, printed and imprinted with postage meter. Redi-Strip closure requires no moisture to seal.

B

B. Original Glue Tough, expanding, sticks to everything glue. Incredibly strong and ideal for indoor and outdoor applications. Glue is known for its industrial holding power and versatility, regardless of the surface. 100% waterproof and doesn't break down when exposed to outdoor elements. Easily bonds wood, stone, metal, ceramic, foam, glass, concrete. and much more. Expands three times into the material to form an incredibly strong bond. Bond holds through hot and cold temperatures. Clamps time 1-2 hours.

PRODUCT NO.	SIZE	LIST PRICE
9-1593576-526	2 oz.	8.49 EA

C

C. Wood Glue Offers the benefits of a water-based adhesive with high strength for trusted performance with your woodworking projects. Water-resistant design creates a reliable bond both indoors and out. Clear-drying formula dries to a natural color to produce an invisible bond line for your projects. Easy-to-use applicator allows smooth, consistent application where you need it.

PRODUCT NO.	SIZE	LIST PRICE
9-2021452-526	4 oz.	5.79 EA

D

D. Spray Adhesive Features a multipurpose, heavy-duty formula that dries permanently to create a lasting bond. Permanent bond is moisture-resistant and can be used on projects both indoors and out. Adhesive is also photo-safe for convenient use with your favorite photographs. Wide pad nozzle and controlled, fine mist spray provide an even application on the project you are working on.

K. Soapbox Hand Sanitizer This lightly scented 70% alcohol hand sanitizer, blended with moisturizers and vitamin E, not only helps to reduce pathogenic germs on hands, but also prevents hands from drying out when using. And for every Soapbox item purchased, Soapbox donates a bar of soap to someone in need either stateside or abroad. These bars of soap are made from recycled bars from hotels that have been shaved down, sanitized and reformed to make a brand new bar. Our bar donations are often paired with proper hygiene education through hygiene ambassador programs. Access to soap can change a life, which is why we believe that SOAP HOPE!

SC Johnson PROFESSIONAL

D. Sanitizer Dispenser & Refills

Dispenser features durable plastic components and is rigorously tested for high-usage environments to provide assurance of quality and long-term cost-efficiency. Dispenser push button is exclusively protected by BioCote, a silver-based antimicrobial agent that is incorporated into the plastic components at the time of manufacture and inhibits the growth of a broad spectrum of bacteria and molds. BioCote will not wear out or rub off and is effective for the lifetime of the dispenser. Fixed product dose delivers the exact amount required to control usage and waste. Ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure fresh product is dispensed every time.

CLOROX HEALTHCARE

D. Fuzion Cleaner Disinfectant

EPA-registered to kill 36 microorganisms with a 2-minute kill time for C. difficile spores, the fastest kill time available, based on comparison of EPA master labels as of May 2016, and a 1-minute kill time for a broad range of bacteria, viruses and fungi, including Norovirus, MRSA, TB and VRE. Revolutionary dual-chamber technology combines bleach solution and neutralizing solution at the nozzle. Neutralizer breaks down the bleach to significantly reduce residue and eliminate lingering odor. Minimal dripping, even surface coverage, low odor. Use settings include healthcare, schools and long-term care facilities.

A

AVERY

A. Double Column Ready Index Customizable Table Of Contents Dividers Large documents are easier to handle using these dividers which feature an innovative, double-layer format that gives you extra room for text and makes the entire document easy to view and access at a glance. Table of Contents has two columns. Bottom layer of tabs extends further than top layer to allow you to see all tabs at once. Double-sided hole reinforcement prevents tearing from binder rings. Added tab reinforcement prevents tabs from tearing. Heavier paper for both Table of Contents and tab dividers adds durability. Contains 20% post-consumer materials.

B. Clear Easy View Plastic Dividers With Multicolored Tabs & Sheet Protector Durable, clear plastic dividers, customizable section title page, and sheet protector work together for clean professional look and flexibility. Clear dividers allow you to see through to the section titles located in the back of your binder. Great for projects, presentations, proposals, and keeping things organized. Print section titles on a plain letter-size sheet of paper and insert into the included sheet protector. Place sheet protector as the last page of the binder. To update section titles or reuse your dividers, simply print a replacement sheet or handwrite directly on tabs using a pen, pencil, or marker.

Ⓐ

A. Hand Towel Dispenser & Refills Touchless manual-operated towel dispenser is designed to deliver one towel at a time, every time with an effortless pull. Design allows the user to only touch the towel they use, reducing the incidence of the spread of bacteria. This reliable dispenser is battery-free for those that prefer not to use battery-operated electronic dispensers. Battery-free also means easier maintenance. High capacity offers added cost savings vs. folded towel solutions. Hardwound towels feature a reduced core for improved efficiency. Made from sustainable, virgin Rapidly Renewable Fiber to produce a whiter, brighter, softer and greener product. Small core allows more product on each roll so it will last longer and reduce labor costs through fewer roll changes.

G

impact

G. Polywool Duster Duster with a removable head is perfect for cleaning hard-to-reach areas. Nonallergenic design allows safe use by all users. Polywool is washable to provide long-lasting efficiency. Electrostatically charged material attracts and holds dust, dirt and debris until it's washed. Long handle length eliminates the need for a step stool or bending over to prevent strenuous use.

PRODUCT NO.	SIZE	LIST PRICE
9-1572120-526	Extendable 52"-84"	14.29 EA

H

impact

H. Microfiber Duster Microfiber is a great choice for dusting and cleaning. The split fibers create a positive charge to grasp dust and dirt without damaging surfaces. Microfiber material is safe for dry dusting hardwoods and delicate surfaces without chemicals or oils. Durable material is hand-washable for long-lasting effective performance. Microfiber duster is perfect for cleaning hard-to-reach areas like ceiling fans, shelves and irregular surfaces.

C. Brute Step-On Rollout With one step, the pedal lifts the lid and allows for hands-free waste disposal. Heavy-duty wheels with high performance treads are optimized for use indoors and outdoors. Reinforced rim for superior structural integrity and robust lid designed for added strength. Lids open fully and stay in place to prevent swinging during transport. Compliant with ANSI standard Z245.60 (Types B and G) for compatibility with auto-lifters.

A. Foton 30 Automated Laminator & Auto-Threading Film Cartridges

World's first fully automatic laminator with auto-cartridges. As simple as pressing a button, machine feeds, laminates and trims automatically. Just place documents in the tray, press run and walk away. Automatically starts once warmed up. 3-5 mil film cartridges are auto-threading, simply drop the cartridge in the machine and close the lid. Three different mode options let you laminate letter size pages, oversize documents and odd shapes. Load up to 30 letter size sheets in the Auto-Feeder. Laminates up to 230 documents per film cartridge. A sensor controls spacing to minimize film waste and prevent jams. Auto deskew straightens pages so they feed evenly. Auto shut off and mil thickness detection. Two-year or 5000 laminate warranty. Starter cartridge included.

Scotch™

G. Scotch PRO Thermal Laminator Creates professional, high-quality laminated documents with the convenience of a one-minute warm-up time and Never Jam Technology that automatically prevents misfeeds and damage to your items. Laminator accommodates 3, 5 and 6 mil thick thermal pouches that are up to 12⅜" wide. It is great for protecting and preserving frequently referenced or handled items. Four-roller machine laminates thermal pouches at the speed of 18" per minute. Light turns on when machine is ready. Premium design also includes easy-to-use LED touch controls, adjustable temperature, hidden built-in cord storage and foldable input tray.

DYMO by pelouze

A. 5 lb. Digital Postal Scale The DYMO digital postal scale weighs envelopes and packages up to 5 lbs. (2.2 kg) without a trip to the Post Office or mailroom. Conveniences include a hold feature that locks weight display for ten seconds when the screen is obscured by a larger item, a tare function for accurately weighing items in a container, an automatic shut-off that prolongs battery life, and an LCD screen that displays the weight in easy-to-read digital format – in lbs./oz. or kg./g. The digital postal scale fits on the busiest desk or stares neatly in most desk drawers.

PRODUCT NO.	CAPACITY	LIST PRICE
9-2021487-526	5 lbs. x 0.1 oz.	86.69 EA

DYMO by pelouze

C. Digital USB Shipping Scales With Remote Display The heavy-duty, portable DYMO digital USB shipping scale saves time and money by quickly and easily weighing packages up to 400 lbs. (181 kg). Just grab the built-in handle and carry the scale to heavy items - instead of lugging heavy items to the scale - or connect the scale via USB to a PC or Mac to use popular online mailing and shipping services like Endicia InstaRate or DYMO Stamps software.

F. Harmony Collection Wirebound books feature durable leather-like covers with twin wire binding. Perforated sheets for clean page removal. High-quality paper features superior ink bleed resistance so notes stay clear and legible. Includes 80 double-sided, ruled sheets for 160 notetaking pages. Pages have sections to list priorities, make checklists, track goals, plan for the future and reflect on "wins of the day." A date section in the top right hand corner of each page lets you quickly refer back to old entries. Pages are perforated to create a clean edge when you need to tear notes out. Two stickers sheets are also included.

AT-A-GLANCE®

G. Premium Notebooks
Wirebound and casebound books feature custom ruled pages that can be tailored to fit your exact needs by using the tick marks at the top and bottom of each page making it easy to draw lines. Create schedules, project plans, to-do's and more. The soft, scratch resistant faux leather covers add modern, professional appeal and the dual locking pen loops add function to the covers. The dual pen loops allow you to lock your book when you insert a pen through both loops. All books include dual locking pen loops, a gusseted interior pocket, index pages, numbered ruled pages, perforated to-do lists, and future planning pages. Casebound books include two ribbon bookmarks for quick reference.

C-line® Filler Paper Instantly create writing space in binders and folders, by inserting the three-hole punched filler paper. Perfect for students and professionals, the durable pages can be used to record everything from class notes to documenting weekly to-do lists. Bright white paper is lined with margin space to allow for neat writing. Pages measure 8 x 10-½ inches in size so they can easily be inserted in all letter-size folders, files and binders. Keep track of notes by adding the pages into a standard 3-ring binder since the pages come hole punched down the left side of the page. Bright white paper has blue handwriting lines with a red margin divider.

mohawk

C. Strathmore Writing 25% Cotton
Premium watermarked business stationery. Wove finish, guaranteed to run in office copiers or laser printers within the limits determined by the equipment manufacturer. Manufactured with windpower and made carbon neutral. Mohawk supports the use of non-polluting, wind-generated electricity through the purchase of Green-E certified Renewable Energy Credits (RECs) windpower projects. Today, 100% of the electricity used in Mohawk's operations is matched with RECs. Mohawk grades carrying the Carbon Neutral designation are made carbon neutral within Mohawk's production processes.

How To Find the Correct Cartridges

1. The printer supply section is in this order: Inkjet, Toner, Thermal Transfer. Manufacturers are in alpha order.
2. Locate your printer, copier or fax machine.
3. Select your cartridges, drums or kits. Original equipment manufacturers' brands are listed first, with quality remanufactured cartridges next.

HP PageWide Supplies

HP PageWide technology is helping companies reinvent the way they print

HP PageWide cartridges support professional-quality color, best-in-class total cost of ownership (TCO), fastest speeds (depending on printer and setting, can be up to 50ppm) plus archival durability.

Original HP Pagewide Cartridge Features

- Professional-quality color prints for up to half the cost of color prints from laser printers.
- Maximize page yields with extra-high-yield ("Y") cartridges.
- Improved HP PageWide cartridges apply less color on the page, delivering higher throughput, and dry quickly.

Professional-quality color

- Millions of perfectly uniform droplets delivered with pinpoint accuracy.
- Consistent professional-quality color on a variety of papers.
- Consistent print quality to the edge of the page.

Blazing fast print speeds

- One printhead that moves across the page in a single pass enabling the speed you need.
- Different quality modes allow you to adjust speed based on document use; presentation mode for customer-facing documents that are rich in color, or general office mode for internal peer-to-peer documents.

The Best Choice for Quality Laser Toner Cartridges

Elite Image® premium laser toner cartridges have the same quality, performance and page yield as OEM cartridges but at a significant savings. Our monochrome cartridges use only the highest quality toner to guarantee crisp, clear output. Elite Image® color cartridges are designed and engineered to produce consistent, vibrant colors every time you print. Our products are backed by a 100% Satisfaction Guarantee and are 100% compatible for the machine for which they were engineered. When it comes to dependable, high quality and reliable laser toner cartridges, you have a choice, choose Elite Image®.

HP FAST FINDER-
ORIGINAL HP TONER CARTRIDGES

WHEN QUALITY AND RELIABILITY MATTER, ORIGINAL HP CARTRIDGES ARE THE RIGHT CHOICE.

Designed to work the first time, every time

Rely on Original HP Cartridges to perform consistently.

Quality prints you can take pride in

Experience outstanding print quality when you use Original HP Cartridges.

The environmental choice

Recyclable cartridges are developed with the earth in mind for easy recycling and less waste.

Better results, Better together

Original HP Cartridges are the only cartridges precisely tuned with HP printers for reliable quality.

A. SmartTouch Three-Hole Punch

Easily punch 45 sheets with a SmartTouch low force punch. A manual, 3-hole punch, the low force design of SmartTouch reduces the amount of effort needed to punch clean holes by 40% when compared to a standard paper punch. The soft grip handle not only makes it more comfortable, but also locks down to allow for more compact storage when not in use. A hole pattern in the punch base provides visibility into chip tray to see when it is full. An opening in the back and a removable base allow two options for quick and easy emptying of paper chips. Built-in ruler and edge guide deliver perfectly aligned punching of 9/32" holes. Limited 1-year warranty is included.

Rubbermaid Commercial Products

D. Spill Mop Kit Can be mounted on most wall surfaces for quick, convenient access in the event of spills. It includes a mountable and compact spill mop storage cabinet, one pack of 10 spill mop pads and one extendable (from 22⅛" to 47½") spill mop handle. Pads are compact enough to fit easily in most spaces. Each pad is made with highly absorbent material designed for quickly removing water-based spills. Pads turn liquid into gel so that once liquid is fully absorbed, it will not drip. Each pad holds up to 32 oz. of water. Handle is collapsible for easy storage and telescoping to reach your messes. It is made of aluminum and features a nylon grip. Cabinet can hold the handle and up to two packs of spill mop pads. It includes a hardware kit for mounting.

A. X-Acto® X2000 Precision Knife X2000 Precision Knife is the ultimate cutting tool for precision and accuracy. Sleek design makes the knife comfortable to hold. You'll be able to make even the most complex cuts with confidence and ease - no matter how small and no matter how detailed. Knife features a rubberized comfort grip with antiroll wedge and center-barrel blade release. Knife is designed for delicate, precision cutting, trimming and stripping and includes a safety cap.

PRODUCT NO.	DESCRIPTION	LIST PRICE
9-2090720-526	X2000 Precision Knife	14.59 EA

B. Slice® Craft Knife Weighted for balance and stability, this craft knife allows you to make accurate, delicate cuts with excellent precision. The extremely hard, ceramic blade provides a lasting sharp edge that maintains its sharpness up to 11 times longer than an equivalent metal blade for consistently smooth cuts again and again. Textured, anti-slip grip ensures you always keep a firm grip for accurate cuts.

PRODUCT NO.	DESCRIPTION	LIST PRICE
9-2090723-526	Weighted Craft Knife	22.49 EA

C. X-Acto® Safety Precision Knife Knife features an aluminum handle with a textured grip area. Sleek design fits comfortably in the hand, allowing you to continue making the precision cuts needed to finish the job, no matter how long it takes. No. 1 knife is designed for delicate precision cutting of lightweight material like plastic, paper, balsa, cloth, thin metal, film and acetate. It includes safety cap. This knife handle also works with No. 10, 11, 12, 16, and 17 blades.

PRODUCT NO.	DESCRIPTION	LIST PRICE
9-2090729-526	No. 1 Safety Knife	10.39 EA

D. Slice® Auto-Retractable Pen Cutter Ceramic Pen Cutter offers an alternative handle profile to Slice's safety box cutter. Its slimmer cylindrical shape is ideal for hard-to-reach areas, and it uses the same box cutter blade, offering the same great features. These include Slice's proprietary finger-friendly edge that reduces injuries. Design limits the amount of exposed blade, further preventing accidental cuts. The rust-free 11mm blade retracts into its housing when you release the rubberized slider button.

PRODUCT NO.	DESCRIPTION	LIST PRICE
9-2027486-526	Pen Cutter	22.69 EA

E. Slice® Mini Cutter Mini cutter features a versatile design to work as well as a safety box cutter as it does a pocket knife or kitchen multi-tool. The advanced ceramic material is rustproof, nonconductive, antimagnetic and won't spark. The slow-to-dull blade starts at an effective sharpness and retains its safe cutting edge for up to 11 times longer than steel for consistently smooth cuts again and again.

PRODUCT NO.	DESCRIPTION	LIST PRICE

E. Westcott® Titanium Scissors Lighter, stronger, sharper scissors are lightweight yet durable enough for any cutting job. High-performance, titanium-bonded blades provide three times the strength of stainless steel and resist corrosion. Blades stay sharper longer. Blades also resist the stickiness of tape and glue. Scissors are ideal for paper, cardboard, lightweight line, fabric and other materials. Straight handles have a contoured soft grip for more comfort. Set includes one pair of 5 inch and one pair of 7 inch scissors.

Document Shredder Selector Guide

Why Shred? To protect you and your business.

It's safe, it's smart and in some cases it's the law. Shredding confidential information can protect you and your business from security breaches, identity theft, and in some cases, it can help you comply with HIPPA. The enforcement of the HIPPA Privacy & Security regulations are strictly managed through both a tiered penalty structure and enhanced regulatory oversight. The penalty amounts range from $100 to $50,000 (per record) with a maximum penalty of $1.5 million per year – depending on the "intent" behind the violation. Properly disposing of sensitive documents can prevent HIPPA violations.

STRIP-CUT

Basic Security - Level P-2

Use for documents with low confidentiality need.

7/32" x Length of Paper - 39 strips/sheet

CROSS-CUT

Higher Security - Level P-3 & P-4

Enhanced security for highly confidential documents.

5/32" x 2" - 302 particles per sheet

Level P-3

5/32" x 1-1/2" - 397 particles per sheet

Level P-4

MICRO-CUT

Superior Security - Level P-5

Ultra-high security for highly confidential documents.

5/64" x 5/16" - 3,770 particles per sheet

HIGH-SECURITY

Government Approved - Level P-7

Delivers ultimate security protection for top secret and classified documents.

1/32" x 3/16" - 15,081 particles per sheet

Other Features to Consider

Sheet Capacity	How many sheets can be loaded in the throat at one time?
Cutter Heads	**Solid Steel Cutting Cylinders -** Usually found on the higher quality, heavy duty shredders. **Stacked Cutting Heads -** Individual blades and spacers stacked onto 2 shafts to create a pair of cutting cylinders.
Versatility - In addition to paper, what materials is the shredder capable of shredding	 CD/DVD  Credit Cards  Paper Clips  Staples  Junk Mail

T-REX FEROCIOUSLY STRONG TAPE

A. T-Rex Duct Tape At 17 mils thick (double the thickness of ordinary tapes) this tape is extremely strong, with a thick aggressive adhesive that can stick to rough, dirtier surfaces allowing you to get the job done right the first time. A UV resistant layer is built into the tough skin of the tape, giving T-Rex the staying power to last through all types of weather and temperatures. T-Rex tape is for projects that need intense holding power and making long lasting repairs that ordinary tapes just can't handle.

FIRST NATION GOODS

1-877 838-5398 | Firstnationgoods@gmail.com

All orders are processed to ship Monday through Friday. They are shipped via Canada Post. Once you receive your tracking information, it can take up to 24 business hours for the tracking to update.

We strive to uphold the highest levels of quality customer service. It is our ultimate goal at First Nation Goods is to create life-long customers and we will do everything in our power to ensure that your experience with us is one that makes you want to shop with us again and again.

ORDER PROCESSING

Our standard processing time is one to two business days for all items that are in stock. Processing times are not calculated into the estimated delivery times. Depending on the amount of orders that we receive over the weekend will also possibly delay your processing time.

Orders are not processed on weekends or Canadian Holidays. Extra time maybe required for larger orders, orders requiring additional customer information, or out of stock items.
