HOG BRUSHES

Spectrum Junior Hog Brushes: Series 2341

These are a great primary brush. Perfect for practicing stroke work, shading, blending, and filling in colour. The short handles and larger brush sizes offer better control, while the stiff bristles are ideal for working with all water based media. Use with Tempera, Gouache, and Acrylic paint.

Spectrum Canvas Boards

Closely woven artist's canvas, prepared by sizing and priming. The surface texture provides a very definite paint-gripping tooth with minimum vehicle absorption, providing a perfect ground for painting in oil, casein, tempera, acrylic, and collage. All sides are completely turned in to prevent fraying and separation. Lined with an extra-heavy, distinctive backing. The entire area of canvas is firmly glued to the board support to allow cutting to any size. 3/8" thick. Poly/cotton blend.

COLOURED PENCILS

Crayola® Watercolour Pencils

Draw and paint without changing mediums. Create clean, precise lines just like traditional coloured pencils — and transform instantly into a beautiful watercolour medium simply by adding water. Dry pencils produce rich, smooth colouring that blends easily. Dip in water to create fluid line drawings. Applying a wet brush to dry coloured areas creates soft watercolour washes. Pencils are pre-sharpened for immediate use. Nontoxic.

Spectrum® Low-Fire Stoneware Glazes 473 mL (16 oz.) Jars, Pack of 6

Low-fire glazes that give the look of stoneware. Create effects by layering these glazes. Fire glazes to Cone 06/04. Lead free, dinnerware safe. Includes one jar of strawberry, pistachio, purple haze, moonlit sky, sunset red, and meteor shower.

E9733318 \$150.35 pack

Numbers highlighted in light blue denote the AP (nontoxic) label.

Mayco[®] Jungle Gem[™] / Crystalites[™] Glaze Collection, Set of 12, 473 mL (16 oz.) Jars

Create unique and completely original ceramic projects with kaleidoscopic range of colour. Glazes contain granules of contrasting glazes. During firing, these granules spread out and create bursts of colour. Fire to shelf Cone 06, or to shelf Cone 05 if more flow is desired. Not suitable for dinnerware due to surface characteristics. Includes one pint each of peacock eyes, northern lights, plum jelly, oriental caramel, cappuccino mint, Tahiti grape, monsoon seas, herb garden, spotted kiwi, lotus blossom, safari, and citrus splash.

E9730599 \$271.30 set

AMACO® Teacher's Palette® Classroom Pack, 12, 473 mL (16 oz.)

Engineered for infinite palette mixability. Soft, nonflowing Cone 05 glazes are easy to apply and fire. They offer a full, rich, high-gloss finish while blending easily. The one-step glazes can be layered by brushing or slip trailing on top of each other without bleeding, distortion, or glaze interaction. Each glaze fires true to the colour in the bottle. Dinnerware safe, lead free, and nontoxic. Includes one pint each of the colours listed above.

E9730309 \$204.95 pack

Set of 12. 473 mL (16 oz.) Includes one each of coal black, cotton, midnight blue, frog green, medium blue, robin's egg, granny smith, green leaf, lilac, scarlet, maize, and pumpkin.

CLASSROOM MANAGEMENT

Time Timer® Wash + Soap Touchless Dispenser

Time Timer WASH + Soap Dispenser is a touchless, automatic soap dispenser integrated with a visual timer to ensure hands are being washed long enough to fulfill the CDC recommendation. The visual aspect of this timer helps all age and abilities understand the duration and process of washing hands. Soap is not included. The timer can be initiated without touching by simply holding hand under spout. Soap automatically dispenses and the timer will begin the countdown. As the disk disappears, time elapses, encouraging scrubbing through the duration. The timing of the countdown allows for users to first wet their hands, then wash for the approved 20-seconds, then rinse. Music and sounds can be used to reinforce the steps or it can be used silently for sound sensitive environments. USB rechargeable. Features include: highly visible LCD visual countdown. sound options include: silent, beep, or beep and music together, liquid soap reservoir holds 10oz/300ml, see-through window for soap level, rechargeable lithium battery, USB charging cable included, water resistant, on/off switch. △1 E471302 \$92.95

Time Timer WASH

The Time Timer WASH visual timer for hand-washing display a 30-second LCD disk, reinforcing World Health Organization (WHO) and Center for Disease Control (CDC) recommendations. Broken into three stages the disk disappears as time elapses, displaying icons for soap, scrubbing, and rinsing. Touchless IR operation and water resistant. Music and sound optional. Suction cup to wall or counter, stand alone or hang with screw on wall. 9.5cm H x 9.5cm W x 4.5cm D (dimensions without the suction cup). Requires 3AA1.5V batteries (not included). Young children can wave their hand to activate timer, however, adult handling and supervision is required.

E470885 \$39.85

Portable True HEPA Air Purifier

Removes at least 99.97% of airborne contaminants in one pass with dual True HEPA filters and circulates the air of an average classroom* $5.2 \ \text{times}$ per hour.

Air purification is a key component in improving air quality indoors. There are many benefits to having good air quality including increased student engagement, improved well-being for allergy and asthma sufferers and reducing the transmission of viruses, including COVID-19. The virus spreads through aerosolized particles that tend to hang in the air unless they are blown away or removed; air purifiers can do both. To prevent the spread of airborne viruses indoors, the air should be refreshed five to six times per hour, however, over half of existing school and building ventilation systems are outdated and achieve less than that. Placing portable air purifiers in these spaces helps reduce the amount of airborne contaminants, including viruses by refreshing and purifying the air as it passes through its filters. *The Portable True HEPA Air Purifier is designed for an average classroom that is 750 sq ft, with ceilings at 8 ft height. Fan speed, ceiling height, age of HVAC and other ventilation are all variables that affect total air changes per hour (ACH). To achieve optimum air purification for your room size, please contact your Copernicus representative to calculate the right number of units for your space. You will need to provide the room size and ceiling height. Functional and user friendly: includes a child lock, timer and four fan speeds to adjust to the environment. Measures: 18" (46 cm) W \times 10.5" (27 cm) D \times 22" (71 cm) H. ETL listed to UL507 standard. Clean air delivery rate (CADR is 365 cubic feet per minute (CFM) which means every minute, 365 cubic feet of air is purified. The purifier has a decibel level of approximately 44dB at 6 ½ ft. from unit which is the same level as a normal conversation and blends into the environment like white noise. I year warranty. Replacement filters available separately and easy to replace when needed.

Portable True HEPA Air Purifier Replacement Filter

Portable True HEPA Air Purifier Replacement Filter Kit for the Portable True HEPA Air Filter includes two replacement filters. Dual HEPA filters (filter lifetime is 1600 hours or approximately 1 year of use in a school setting).

A. Traditional Teachings™

This attractive rug reinforces the seven basic virtues that form the foundation of a native, North American lifestyle. Children will enjoy learning the history of these sacred laws and implementing them as they interact with others in their daily lives.

E434938 5'4" Round \$298.92 E434939 7'7" Round \$694.92 E434940 13'2" Round \$1,389.92

B. Spirit of Truth™

With a Medicine Wheel/Dreamcatcher at the center encircled by the Seven Teachings, the Spirit of Truth™ carpet will become a focal point for discussions. The teachings emphasize walking the earth peacefully in harmony with nature and all living things. They encourage seeking healthy minds, strong inner spirits, inner peace, and strong healthy bodies.

E434941 5'4" Round \$298.92 E434942 7'7" Round \$694.92 E434943 13'2" Round \$1,389.92

Introduce children to First Nations, Métis, and Inuit cultures with The Circle™. In First Nations culture, the circle is a sacred symbol, and it reinforces the notion of connectivity of all things. As children gather on "The Circle™," use this engaging carpet to encourage discussions of this core principle, as well as indigenous peoples' history, culture and beliefs. Each symbol is designed not only as a sitting space but also as a tool to provide unique insight into aboriginal life.

LEGO® Education My XL World

Ages 2-6 years. My XL World provides playful learning experiences that teach preschool children about the world around them through role-play, fun building activities and idea sharing. This LEGO® learning set also develops children's confidence and essential social skills, such as collaboration, communication and understanding roles and responsibilities. Working in groups of 2-10, children use the colourful collection of 480 LEGO® DUPLO® bricks, figures, wheel bases, windows, doors and a building plate to build their home, a restaurant, bus stop, hospital and a fire station. They'll also discover an airplane, car and even a submarine, and will use their imagination to build fantasy animals and make up fun stories of their own.

E470710 \$406.90

LEGO® DUPLO® Coding Express

Ages 2-5 years. Coding Express is a creative, intuitive and versatile solution that introduces preschoolers to early coding concepts that naturally sparks their curiosity, creativity and desire to explore and learn together. Based on the ever popular train theme, the highly versatile LEGO® DUPLO® solution allows children to make connections and intuitively explore early coding concepts, such as sequencing, looping and conditional coding, while developing problem-solving skills, critical thinking, collaboration, and social and emotional skills. 234 pieces.

E732175 \$399.90

LEGO® Education People Accessory Set

Ages 2-6 years. Explore the many different roles and responsibilities that people have within families, communities and cultures. This 44-piece set includes 26 LEGO® DUPLO® figures, ranging from family members, like children, parents and grandparents, to occupations, such as doctor, police officer, chef and teacher. Accessory elements, like a camera, hairbrush, guitar, suitcase and a wheelchair, encourage children to role-play people-based scenarios and talk about gender, age, relationships and what makes people different. A Getting Started card with 5 playful learning ideas is also included to help teachers get the very most out of classroom activities.

LEGO® Education Animals

Ages 2-6 years. A perfect way to let preschoolers explore the wonderful world of animals. This Early Learning set comes with 90 LEGO® DUPLO® elements, including 40 wild animals, farm animals and pets, plus 4 double-sided building inspiration cards depicting 8 different habitats, to help children learn what animals need to survive and how they differ. A Getting Started card with 5 activity ideas is also included to promote children's 21st century skills, like social and emotional development and early math skills in a safe and playful learning environment.

E470707 \$228.90

F. Giant Polydron

Ages 2 years + Giant Polydron is the new sensory construction product. It encourages children to make and recognize 2-D and 3-D shapes, and develop an awareness of shape and texture. Giant Polydron is marked on one side to help students recognize different shapes and forms, and the inner area of the triangles and squares is marked in braille. Easy to attach shapes are designed for little hands. The set contains 20 triangles and 20 squares.

E445330 \$134.95

G. Giant Polydron Gears

Ages 2 years + Children can create a structure by assembling the easy to use squares and triangles. Gears are added by simply pushing them into place. They ingeniously mesh together either on a flat surface or at an angle of 90 degrees. Once connected, just turn one gear and see the rest of them rotate! Made from super tough plastic and are safe, durable, and lightweight. Each set contains 58 pieces in total including 4 triangles, 24 squares, 10 gear squares, and 20 gears.

E445334 \$229.95

BUILDING & CONSTRUCTION

XL Polydron Naturals 24 Piece Set Ages 2 years + Build towers and larger constructions. Teaches groups of children about shape and space through play. Designed for younger children in schools, nurseries and kindergartens, this 24 piece set will allow you to build towers, rockets and larger constructions. Children will love to build towers while learning about 2D and 3D shapes. XL Polydron is four times the size of Giant Polydron and they fit together perfectly and easily slot together to create sturdy structures. Lightweight and safe to use. Use indoors or outdoors. Easy to pack away. Square measures 40.5 x 40.5cm (15.94" x 15.94"). Cleaning Method: Hand wash with mild sterilizing detergent. This 24 piece set contains: 8 Squares with 16 holes, 8 Squares with 4 holes and 8 Triangles in black, dark green, tan and brown. Includes a quide

E471188 \$289.95

Octoplay Starter Set Ages 3 years + Includes 112 shapes and 32 struts. E17714 \$34.95

Octoplay Classroom Pack

Ages 3 years + Includes 336 pieces and 96 struts, all packaged in a carrying case.

Constructa Cabin

Ages 3 years + Build your own log cabin with this open-ended set. Ideal for encouraging imaginative role play and suitable for use both indoors and outdoors. Includes a model guide for inspiration. Pieces are easy to join together and are made from super durable HDPE. Includes 60 pieces in natural colours - 11 large connectors, 26 beams, 15 connectors and 8 flexi connectors.

E471190 \$429.92

Wooden Octoplay

Ages 3 years + This set of 20 unique wooden construction shapes can be used to create various models such as a person, a dog or a tower. Made from high quality plywood in a beautiful natural finish, the pieces easily slot together. This set will encourage thinking skills and logical reasoning and will inspire creativity with its endless possibilities for budding builders. A colour instruction guide is included. Each piece measures 120mm x 120mm x 6mm.

BUILDING & CONSTRUCTION

Magna-Tiles® Clear Colours

Ages 3 years + Tactile, colourful tiles for creating designs on a flat surface or building 3-D shapes. Develops patterning, shape recognition, building, and motor skills. This product contains magnets. A1

Guidecraft® Wood Stackers River Stones, Set of 20

Ages 2 years + Bring the instinctive wonder that children have for nature into the classroom with an organic, wooden building block set. The Wood Stackers River Stones invite children to build and stack using blocks inspired by the natural, polished shapes of river rocks. The rounded, wooden stones are sanded incredibly smooth to highlight the beautiful, natural grain and tones of the wood pieces. Different sizes help children understand weight, gravity and relationships. Inspiration cards encourage children to build creatively using the natural blocks to create familiar objects and encourage exploration in nature. For indoor/outdoor use. Store indoors in a cool, dry place out of direct sunlight. Set of 20.

E470619 \$67.95

Rainbow Wooden Buttons, 7 Pack

All Ages. Beautiful smooth solid wooden buttons in the seven colours of the rainbow, with a natural finish to show the grain of the wood. The buttons come in graduated sizes with slightly flattened surfaces for balancing and stacking. An open-ended resource that can be used by the very youngest of children to improve hand-eye coordination, learn about colour, develop logical thought and to enhance imaginative play scenarios. Sizes 50 mm, 65mm, 80mm, 95mm, 110mm, 125mm, and 140mm dia.

E470858 \$76.95

Woodland Trees Set of 10

3 years + Smooth natural beechwood tree shapes with different characteristics and in a range of shapes and sizes. Ideal for small world play, discussing the natural world, learning about similarities and differences and for developing descriptive or imaginative language. Size: 85 - 110mm. Package of 10.

E471324 \$45.95

Big Branch Block Builders - 125 Piece Set

Ages 3 years+ Children ages 3 and up can experience a nature-inspired, tactile building experience indoors and outdoors with Big Branch Block Builders - 125 pc. set. Real branches in various lengths feature notched sides for perpendicularly stacked builds. Special parts create window frame and roof details. The unrefined wood and real branch material wears over time, revealing cause and effect behaviours and natural evolution to children. Authentic marks, spots and imperfections in the wood pieces provide a natural appearance that strengthens organic connections to nature during play. 10 double-sided concept cards enhance hands-on building activities by providing creative inspiration and real-life examples. Additional loose parts not included. Shortest piece measures 2.25", longest piece measures 13.75".

E471206 \$272.95

Guidecraft® Branch Blocks

Ages 3 years + Natural and unscripted play patterns emerge when Branch Blocks are provided for building and dramatic play inspiration. The intact textured bark on each building piece adds sensory exploration mirroring the organic benefits of outdoor play. Use Branch Blocks to practice stacking, sorting and STEM activities. 36 wood pieces included Natural tree branch shapes cut into building blocks. Bark texture remains for tactile, sensory exploration. Encourages organic, unscripted play patterns. 36 wood pieces 1-3" W, up to 7" L.

E470205 \$78.95

A. Natural Architect Rectangles

12 months+ Beautiful smooth solid beechwood nesting rectangles in a natural finish to show the grain of the wood. The inner block is a solid 3D rectangle prism. Ideal for construction and imaginative play; to build towers and design rooms or outdoor areas for filling with small world play people or animals; applying mathematical logic to sort counters by colour or size; learning the geometric properties of rectangles; exploring size and scale; using mathematical terms - larger, smaller, taller or wider and improving language skills and broadening vocabulary to describe their activities in action. Size: approximately 40 mm - 148 mm H.

E471318 \$48.95

B. Natural Architect Columns

12 months+ Beechwood construction columns designed to support our Natural Architect Panels and Rainbow Architect shapes in more adventurous construction creations. The heights have been carefully designed so level balancing can be achieved with the shapes from the Architect range. The columns can also be used for sorting or ordering by size, an easy early maths activity for younger children. Column Sizes: 10 x 58 mm, 6 x 76 mm, 94 mm, 112 mm, 130 mm, and 148 mm columns.

E471317 \$56.95

C. Natural Architect Arches

12 months+ Beautiful smooth solid beechwood nesting arches in a natural finish to show the grain of the wood. The inner block is a solid 3D semicircle. Ideal for construction and imaginative play; to build sculptural structures; to design areas for filling with small world play people or animals; exploring size and scale; using mathematical terms - larger, smaller, taller and steeper as well as improving language skills and broadening vocabulary to describe their activities in action. Ideal for using alongside our existing Wooden Architect range for extended construction play opportunities. Size: approx. 19mm - 73mm high. E471319 \$38.95

Green Garden Planting School 54 Piece Set

Ages 2 years + With this large planting school set, there's plenty of opportunity to let your green fingers run wild and get lots of greenery sprouting and growing. The set is suitable for both playing and learning about real plants as well as the accompanying toy vegetables.

The set includes planting sticks to help you remember what you've sown where. There is even a sheet of labels for the child to draw or write on and then stick onto the planting sticks. The set has a high play value as it can be used for growing plants, as a storage box or play set.

Together you can discover how the garden plants and colours change throughout the year. Made in Denmark and carries the Nordic Swan Ecolabel. Dishwasher safe. 54 Piece Set. Labels should be removed before washing toys.

Green Garden Set

Ages 2 years + Explore nature with Dantoy's large sand and planting set, which offers plenty of opportunities for play and participation in hands-on tasks, but also for exploration. Nature is a sensory learning space, where the child can experience the joy of following growth from seed to flower, feel the sand under their nails, hear the birds chirping and smell the freshly cut grass. You can easily include the Green Garden Planting School set in your play – all of them support outdoor play, learning and exploration. The Green Garden Garden Set encourages children to play and to become involved in daily chores, such as tending a kitchen garden. Together you can discover how the garden plants and colours change throughout the year. Made in Denmark and made of Nordic Eco-labelled plastic. Set includes 18 pieces in lovely, subtle Green Garden colours. Hand wash only.

Let's Explore Sand Kit – 32 piece Set

Ages 3-5 years. This kit has it all! Bright, colourful, sturdy kit, economically prices and tailored specifically to children ages 3-5 years. Set includes 4 sieves, 2 large and 2 small buckets, 4 rakes, 4 shovels, set of 6 sand scrapers, a 8-piece sand molds assortment, one sand wheel, and one sand / water mill. A1

OUTDOOR LEARNING

Let's Roll

Ages 2 years + These rollers offer and imaginative way for children to explore the natural world through creative play. Roll into play dough and stamp to create hands on habitats. Children can experiment by using different amounts of pressure and rolling in different way. Great for fine motor development, creative imagination and learning about nature. Durable and easy to clean each set contains 6 rollers. Each roller measures 3" L x 114" W.

A. E471330 Let's Roll Garden Bugs - \$26.95 B. E471331 Let's Roll Forest Friends - \$26.95 C. E471332 Let's Roll Ocean Life - \$26.95 D. E471333 Let's Roll Pond Life - \$26.95

Ages 2 years + These playful, inventive rollers will help children recognize and talk about the key emotions they may be experiencing - happy, excited, sad, worried, calm, and angry. Simply roll into play dough, clay or sand, to make a body and add a face to complete the emotion. Each design includes lots of talking points to help children begin to express and understand how their face may look and how their body may feel, when experiencing a particular emotion. An engaging way to develop children's emotional vocabulary while also practicing fine motor skills. Made from a durable stone mix which is easy to clean, each set includes six rollers measuring 23/4" H x 1-3/8" L.

E471334 \$26.95

Let's Roll - Number Frames

Ages 2 years + Children will love using these rollers to create tactile images in play dough, clay or sand, providing lots of opportunity to explore and engage with number in a playful way. Ideal to create 1-5 or 1-10 frames for simple counting, or to make attractive scenes that can roll on and on! How many ladybugs are climbing the beanstalk? Have any flown away? Is the train full? How many seats are left? As they roll and stamp, children will be encouraged to ask questions and extend their math vocabulary. The set includes 6 versatile designs: two traditional number grids; two vertical frames - a beanstalk and stepping stones; and two horizontal frames - bird boxes and train carriages. Made from a durable stone mix which is easy to clean, each set includes six rollers measuring 23/4" H x 1-3/8" L.

E471335 \$26.95

Sargent Art® Sidewalk Chalk

Ages 3 years + Soft sidewalk chalk can easily be washed off all surfaces. Large-size sticks are easy to hold and won't break easily. Assorted coloured chalk. Bold, bright, strong colours, easy to blend in

E9733268 Box of 20 - \$6.25 bucket

E9725515 Box of 30. 3 each of 10 colours - \$8.35 box

Single Fence Easel

Ages 3 years + Comes with S-hooks for hanging on a chain-link fence, and clamps to secure paper. Easel trays and base extenders hold the easel out from fence at a workable angle. The extenders have skid-resistant rubber bumpers that allow you to use the easel as a table-top painting surface. Some assembly required.

A. E230041 Single 59 x 59 cm (23.5" L x 22.5" W). **\$109.95**

R F230042 Double 119 x 59 cm (475" L x 22 5" W) \$176 95

OUTDOOR LEARNING

Tactile Counting Stones, Set of 20 Ages 3 years + These tactile stones will help children with counting, number recognition, learning the different ways to represent numbers, among other early maths concepts. Contains 20 stones (2 sets of 1-10 stones) measuring approx. 3" in length. $\Delta 1$ E435915 \$71.95

Size-Sorting Eggs, Set of 8

Ages 3 years + Stimulate both language development and mathematical skills, as children sort the eggs by size and weight. They are also tough enough to be taken outside to be collected, sorted and used in your mud kitchen! Contains 8 eggs measuring between $1\frac{1}{2}$ " - 3" (40 - 75 mm) high. $\Delta 3$

E435909 \$48.95

Threading Pebbles, Set of 16

Ages 2 years + Develop early counting, sorting and pattern-making skills, as well as hand-eye co-ordination, as children sort and sequence these threading stones by shape, colour and texture. Set includes 16 threading pebbles in four different shapes, shades and textures, plus two chunky laces. Pebbles measure $1\frac{1}{2}$ " (40 mm). Laces measure 7" (180) mm.

OUTDOOR LEARNING

Domino 10-Frame Tray

Ages 2 years + This appealing wooden tray offers a different representation of a 10-frame, enabling children to explore number patterns to 10 in a new way. Divided into two identical halves, the familiar dice layout for 5 helps them subitize and develop early counting and number bonds skills in a fun, tactile and highly visual way. Each tray is made from sturdy FSC beech and measures $12\frac{1}{2} \times 6\frac{1}{2}$ "

E471178 \$41.95

Natural Counting Log

Ages 3 years + Pick up sticks and start counting! This beautifully simple wooden log has equal-sized holes which will encourage children to count out the correct number of sticks from a pile, and then count in the correct number for each section. When placed correctly in the sections, children can easily see the difference between the numbers (cardinality). Each side of the log shows a slightly different range of numerals – 1–10 on one side and 0–9 on the other, making it helpful to teach ordinality and the value of zero. Made from FSC beech wood the Counting Log is a delight to touch and play with. Counting Log measuring 18½" long and 60 sticks (21/2").

E471175 \$84.95

A. Array Tray

Ages 3 years + Explore the joy of pattern in the outdoors. This lovely wooden tray is great for encouraging mathematical thinking through play and introducing numbers, number relationships, and patterning. Tray size is 38 cm x 38 cm. E471192 \$47.95

B. Array Trays (4pk) Ages 3 years + Set of 4 wooden trays. **E471193** \$162.95

Maths Shape Trays (4pk)

Ages 3 years + Reinforce children's understanding of shapes and math investigations with these beautiful wooden large shape trays. One each of rectangle, square, triangle, and a hexagon. Tray sizes measure between 30-50 cm based on the shape. **E471194** \$112.95

Proportional Number Blocks 1-10

Ages 3 years + Proportional Wooden Number Blocks ideal for number sense exploration. Pack of 10, numbers 1-10. Blocks measure 5 cm L x 5 cm W x 1-10 cm H.

Honey Bee Number Stones

Ages 3 years + Use these durable and attractive honey bee stones to explore number sequences and odd and even numbers, along with addition, subtraction and number bonds to 10. Children can also have fun using these bees alongside our Ladybugs Counting Stones (E434099). These can also be used with our Honey Bee Early Number Cards (E434218). Set includes two each of 1-10 honey bee stones. Bees measure x 1.5 inches. Δ1

E434220 \$43.95

Honey Bee Early Number Cards

Ages 3 years + Designed to be used with our Honey Bee Number Stones (E434220), these engaging activity cards provide an exciting way to teach early number skills. Use them to explore number sequences, odd and even numbers, addition subtraction, and number bonds to 10. Made from durable plastic, suitable for use outside, the set includes 16 colourful cards measuring 8" x 11".

E434218 \$33.95

Sorting Stones

Ages 3 years + Sorting Stones offer the opportunity to explore colour, shape and pattern in a wide variety of contexts, both indoors and outdoors. Cast from a unique mix of resin and real stone, each stone measures 40-45 mm and has a colourful bug character engraved on one side. Each set includes 20 stones, with five bug shapes – circle, square, rectangle, triangle and hexagon – in four colours – red, blue, yellow and green. Leaflet with additional activities included. Δ1

E435919 \$42.95

Ladybug Stones, 22 pieces

Ages 3 years + Durable and weatherproof, they can be used to explore counting to 20, odd and even numbers, and addition and subtraction. Each set includes two each of 0-10 and an activity leaflet full of related ideas and games. Each ladybug measure 5 cm. Δ1

E434099 \$43.95

Ladybugs Early Number Cards

Ages 3 years + Designed for use with our Ladybugs Counting Stones (E434099), these beautifully attractive activity cards encourage children to develop early math skills. Explore early number through matching, counting and ordering. Made from durable plastic, the cards are tough enough for use in the outdoor area — the natural environment for ladybugs! Each set includes 16 colourful cards measuring 8" x 11"

E434216 \$33.95

Number Pebbles, 1 to 10

Ages 3 years + Cast from a unique mix including real stone, each pebble is engraved with a number and measures between 30-45 mm. This set explores numbers to ten and contains two of numbers 0-10 (22 pebbles). Suitable for outdoor use too. Δ 1

E449012 \$42.95

by helping children to make connections within and between numbers to ten.

The bases measure 2" and show four different representations for each number:

descriptive vocabulary and exploring math skills as they do so. Each set includes 16 tactile stone cats (eight matching pairs) measuring 2".

E470805 \$41.95

Count & Thread Stones

Ages 2 years + Versatile tactile stones offer many enjoyable ways to develop recognition of shape and numbers, as well as improvising file motor skills. Sort the stones by colour and shape (circle, square, hexagon), then count, order and thread them together. Shapes can also be matched by the number of holes or threaded to create sequences. Each set includes 15 tactile stones measuring 2" and three laces and 3 soft, chunky laces measuring 24".

E470806 \$41.95

Wooden Dominoes

Ages 3 years + Giant hard-wearing solid beech wood dominoes, great for playing outdoors. With smooth finished edges and strong painted black dots, the dominoes can be used to play the traditional game - taking it in turns matching the equal dots until you have used all your dominoes, for number recognition practice or for simple adding and subtracting games. Ideal for improving mathematical knowledge and confidence. Contains 28 dominoes. Size: 75 x 150 x 15mm

E434555 \$39.95

Little People, Bumper Play Set

Ages 3 years + These charming little people have been designed to invite play and stimulate children's imaginations. The range of colours, sizes and hairstyles means that the people can be sorted by a number of criteria, making this bumper set ideal for practicing sorting skills and developing mathematical language. Four sets of six figures, two of each size (2", 2 1/2" and 2 3/4").

E470798 \$84.95

Natural Tinker Tray (9 Section)
Ages 18 months + Collect, count, sort, organize, display and create! This extremely versatile wooden tray will quickly become an essential learning resource for early math investigations and loose parts play. It features nine differently sized compartments inviting children to play and explore. Made from FSC beech wood. Measures 9¼". **E471177 \$43.95**

Natural Flower Tray

Ages 3 years + Beautifully made from FSC beech, this tactile natural wood tray is instantly appealing to young investigators. With six outside petals and a central area, it is ideal for all kinds of collecting, counting, sorting and loose parts activities. The sections are just waiting to be filled with treasures to display and discover. Measures 91/4".

E471176 \$42.95

Natural Sorting Stones

Ages 3 years + Ideal for sensory play activities but are also durable for use in sand, water and outdoors. Each set includes twelve stones in three different sizes (stones measure between 5.5 cm - 8 cm), and four natural colours.

EARLY YEARS

OUTDOOR LEARNING

Pre-Coding Penguin Stones, Set of 18

Ages 3 years + Our "waddle" of penguins will delight children and inspire the use of directional and positional language, problem-solving, pattern making, and logical thinking. The set contains 18 penguins: four of each directional arrow and two without arrows.

E470540 \$43.95

Pre-Coding Penguin Activity Cards, Set of 16

Ages 3 years + Designed to be used alongside the Pre-Coding Penguin Stones (E470540), these sturdy and washable plastic cards will inspire the use of specific positional and directional language. Includes a range of activities that will extend children's matching, sequencing, pattern making, and logical thinking. Each card measures 8" x 11".

E470541 \$33.95

OUTDOOR LEARNING

Story Stones - Under The Sea

Ages 2 years + Dive into a sea full of stories! These colourful, durable stones can be divided by colour into three sections: characters, settings and objects. Children can pick stones from each section to provide inspiration and structure for their stories. Includes 13 stones measuring approximately 4.5 cm.

E470808 \$41.95

Ages 2 years + Shoot for the stars with this set of beautifully engraved story stones. Children can build story frameworks by picking from the character, setting and object subsets, each a different colour. Endless storytelling potential awaits! Each set includes 13 stones measuring approximately 4.5 cm

E470807 \$41.95

Weather Stones

Ages 2 years + These engaging and tactile weather stones can be used in so many ways: record the weather, make a forecast, sort by the different conditions, press into playdough or create stories alongside other props. Made from a unique stone mix, the symbols are robust enough to be used outside, whatever the weather! Includes ten stones engraved and painted with the following representations: dark cloud, light cloud, hail, rain, rainbow, snow, sun, sunny intervals, thunderstorm, and wind.

Each stone measures between 11/2-21/4" high.

Plastic Clip Board

Ages 4 years + Sturdy plastic clipboard makes drawing outdoors easier. Plastic clip makes the fear of squishing little fingers go away. 9.5" x 13".

E434903 Yellow \$4.45 E434904 Green \$4.45

Alphabet Pebbles

Ages 3 years + Take a hands-on approach to letters and word-building with these tactile Alphabet Pebbles. Specially cast from a unique mix including real stone, these pebbles appeal to children's natural instinct to investigate, sort and collect. They are durable for use throughout an early years environment, including sand and water, both inside and outside. Each pebble is engraved with a letter and measures 3-4.5

E444114 Lowercase **\$43.95**

E450088 Uppercase \$43.95

Alphabet Pebbles - Word Building Set

Ages 3-6 years. This larger set of 50 pebbles includes three of each vowel and two of b, c, d, f, g, h, i, j, k, l, m, n, p, q, r, s, t, v, w, x, z.

E444116 \$72.95

Jumbo Alphabet Pebbles

Ages 2 years + Cast from a unique stone mix, Jumbo Alphabet Pebbles offer a unique way to introduce young children to letters. Why not leave them outside to be discovered, sink them in water or even bury them in sand? Jumbo Alphabet Pebbles measure between 5.7 cm and 7 cm. Each set includes 26 pebbles featuring a full lowercase alphabet.

E434532 \$72.95

Rhyming Pebbles

Ages 3 years + Develop phonemic awareness and vocabulary with this set of 16 visually appealing rhyming pebbles. The durable stones provide a fantastic tactile way for children to learn as they sort and match 8 rhyming pairs. Each stone measures approx. 2 inches. 4.5 cm. E470389 \$43.95

Easy Hold Discovery, Set of 6

Ages 3 years + This 6-piece set allows children to see the world through new eyes! With lenses to change the colour of everything they see, a giant magnifier and mirrors to give them true and distorted reflections of the world around them. Can be stacked for colour mixing and for use on a light box. Set includes: transparent acrylic red, blue and yellow; magnifying lens (3X); two-sided convex/ concave mirror; and plane mirror. Frame size 18.5×12 cm (insert size 8 cm diameter).

E448180 \$69.95

Natural Shape Viewers

Ages 2 years + Set of five beech wood viewers will inspire children to explore their environment with enthusiasm and focus. The set includes circle, square, rectangle, triangle and hexagon. Viewers measure approx. 160mm tall and are made from sustainably sourced wood.

Get the wiggles out!

Introducing The Self-regulation Classroom Cruiser from Copernicus. A complete classroom bike designed specifically for elementary schools.

Ideal for inclusive environments. Helps kinesthetic learners and any students who need to move around so they can refocus and engage in learning.

Why adult-sized stationary bikes are not the answer: Unlike stationary bikes, the Classroom Cruiser is specifically designed with the safest ergonomics for students-sized riders and the quiet drivetrain prevents injury and distraction.

Fully adjustable seat and backrest (requires no tools) (E752284) and (E752283)

Model without the work surface and backrest E752282

Starting at:

\$992.92

Pedals include adjustment straps for added grip and safety

Built-in display to tract distance, speed, time, RPM and calories burned

(batteries included)

Levelers ensure that the bike sits evenly on floor and casters make moving easy

Four options available!

E752283

Model with work surface and backrest

Self-Regulation Classroom Cruiser- with Desktop

Grades PreK-2 with Desktop. Fully adjustable seat and handlebars accommodate PreK-2 students. Quiet drivetrain to minimize distraction. Enclosed fly wheel for safety. Multi-position work surface for reading or writing. Adjustable magnetic resistance to set difficulty level. Built-in display to tract distance, speed, time, RPM and calories burned (batteries included.) Low maintenance. Included casters and is light enough to easily move around the classroom.

E752284 \$1,049.92

Grades 3-6 E752283 \$1,049.92

Self-Regulation Classroom Cruiser

Grades PreK-2. Same features as the model above, but without the desktop or backrest, (handlebars included).

E752281 \$992.92

Grades 3-6 E752282 \$992.92

Dimensions $37\text{"L} \times 22\text{"W}$ (base footprint) Height varies by seat and handlebar setting. 6 year warranty for frame and 2 year warranty on moving components.

Multi-position work surface for reading or writing (models E752284 and E752283)

minimize distraction

Kindness Hearts

Age 2 years+ Children will just love to touch, hold and give away these attractive, tactile heart stones. Made in eight colorful shades, the kindness hearts will help children recognize and appreciate kindness, and then show this to each other. They are a perfect visible way of saying 'thank you' for acts of kindness, or simply to hold to express gratitude and discuss the thoughts, actions and words that make a positive difference. A valuable and nurturing resource to support children's own mental well-being and that of their peers. Be kind! The set includes 16 hearts – two each of eight different colors. Size

E471327 \$41.95

Let's Roll — Emotions Ages 2 years + These playful, inventive rollers will help children recognize and talk about the key emotions they may be experiencing – happy, excited, sad, worried, calm, and angry. Simply roll into play dough, clay or sand, to make a body and add a face to complete the emotion. Each design includes lots of talking points to help children begin to express and understand how their face may look and how their body may feel, when experiencing a particular emotion. An engaging way to develop children's emotional vocabulary while also practicing fine motor skills. Made from a durable stone mix which is easy to clean, each set includes six rollers measuring 23/4" x 13/8".

Matching Pairs, Feelings and Emotions

Ages 3 years + Blank on one side, flip over the discs and find the matching pairs. Comprises 2 each of 28 photos so children can play Matching Pairs. Improve memory skills whilst playing a game of recognition. Cards measure 8cm in

E470345 \$36.95

Sensory Worry Stones

Ages 3 years + These tactile stones have been designed to soothe, calm and help children focus. Offering an appealing range of shapes, textures and natural colours, the set includes 12 stones: 2 each of 6 designs, measuring between 2-3". △4 E470547 \$41.95

How Am I Feeling Today? Wooden People

Ages 12 months + Designed to encourage and inspire children to create characters, scenarios and stories. Wooden blocks have been created with heat transferred designs to ensure they can withstand the rigors of daily play. E470263 \$41.95

Junior Learning® Emotions Dominoes

Ages 4 years + Emotions dominoes include a 28 piece set on thick plastic dominoes. Dominoes come in a collectors tin for storage. Children will love the feel of real dominoes as they complete the emotions matching game. A1

E470239 \$23.80

Jumbo Emotions Stones

Ages 2 years + Includes eight large stone that are perfect for small hands to explore. Featuring four emotions young children most readily identify and experience - happy, sad, surprised and angry, the set includes two examples (one boy and one girl) showing each emotion. Durable and washable, they are cast from our unique stone mix and can be used outdoors in sand and water. Each stone measures 3 inches.

E434762 \$41.95

Emotions Stones

Ages 3 years + Ideal for encouraging children to talk about feelings and develop social skills, this beautifully crafted set of 12 stones is engraved with faces showing common emotions: happy, sad, frightened, worried, surprised, confused, bored, calm, proud, shy, embarrassed. Each pebble measures 4.5 cm.

E434763 \$41.95

Feelings and Emotions Sorting Bags Ages 3 years + / Grades PreK + Encourage children to identify and talk about their feelings and emotions with this open-ended set. Discriminate between different emotions and sort them appropriately. Includes 60 high quality photo cards with a wide range of facial expressions and real world situations, all designed to stimulate different emotions. The 6 natural cotton bags each show a different emotion (Happy, Sad, Angry, Surprised, Worried, Angry and Upset). Children will talk about their emotions and sort the cards into the 100% natural cotton bags. Cards measure 7 cm x 7 cm. Bags measure 14 cm x 20 cm.

E471189 \$59.95

Interactive Edgar an Emotion **Puppet Kit**

Ages 3 years+ Introducing Edgar! Soft and cuddly Edgar is a brightly coloured friendly monster with a sill, but gentle face to help encourage children to share their feelings. Use Edgar to engage students in conversations about mood and feelings with his special emotions icons and storage satchel. Edgar puppet measures 20" tall and includes 12 tear-resistant plastic emotion faces and one

gentle setting. A1

green pouch. Edgar is machine washable, simply place him in a pillowcase and wash and dry on a E471314 \$72.95

Understanding Feelings

Ages 3 years + The Understanding Feelings Set has been designed to help children to learn about range of feelings and to enable them to communicate more effectively with others. Included in the set are 13 acetate faces all with different feeling expressions. Included are 3 blank white faceshaped boards for use with wipe off markers. 3 blank acetate faces and 3 face-shaped mirrors to observe self expression. The set comes complete with a teacher's guide with suggested activities and questions to pose. E434759 \$52.95

Easy Hold Plane Mirror

Ages 12 months + Hand held acrylic mirror for self-expression, collaborative group play or role play. Housed in a solid rubber wood outer. It is both extremely strong and easy to hold. Size 18.5 cm x 12 cm. Mirror 8 cm dia.

E470852 \$13.60

Roylco® Exploring Emotions Super Doll

Ages 3 years + Encourage discussions about feelings with this cuddly doll. Use the Velcro™ facial features to create 16 emotions on the doll's face. Store the unused features on his cape. Press one button to hear a range of 16 sounds relating to emotions. Press a second button to repeat the sound as you design the corresponding face. Includes: 1 doll 17" (43 cm) tall, 26 facial features up to 4 ¼" (10.7 cm) wide and guide. Requires 2 AAA batteries (not included). Δ1

E470219 \$73.95

Expression Mirror Faces

Ages 3 years + Set of 10 safe plastic mirrors, cut out to resemble a child's head shape that they can use to see themselves or to draw on using a wipe of pen. They can also be used by the child to see what their facial expressions tell themselves and others about how they are feeling. Size: 210 mm x 185 mm. Δ1

E434758 \$62.95

Roylco® Explore Emotions Photo Cards

Ages 3 years + 24 images printed on durable cardstock encourage students to connect with their emotions. Foster empathy by asking students to describe the feelings pictured on each card. Use the cards as story starter prompts! Works well as a supplement to our Exploring Emotions Super Doll (E470219). Includes: 24 Cards, 8½ x 9½" (21 x 23.5 cm) and guide.

E33161 \$15.95

All About Me 2 in 1 Mirrors, Set of 6

Ages 18 months + Help young children learn all about themselves with easy-to-hold, double-sided mirrors! One side is a regular mirror. The other side is a "fun mirror" that warps reflections. Use to teach body awareness, talk about emotions and more. Mirrors measure $6" \times 4"$.

E470640 \$46.95

All About Me Mirror Boards, Set of 4

Ages 3 years + All About Me Mirror Boards build self-awareness! Handheld boards feature the outline of a face on the write & wipe side and a mirror on the reverse. Children look at their reflections and then draw matching facial features on the outlined face. Mirrors measure 5" in diameter.

Consequences

Ages 3 years + A fun way to introduce or reinforce the ideas that there is a consequence for every action and behaviour. Each card has an everyday task or behaviour that results in a forward or backward move. Roll the dice to see how many stones you may travel. Follow the colourful stone path to the park, take a ride on the slide, go for ice cream, and end at Waterland! But watch out for the quiet time room! $\Delta 1$

Made of hard plastic. 2x full size. Comes with a giant tooth brush.

15 cm x 12.5 cm x 11.5 cm.

E67686 \$63.75

Glo Germ™ Kit

Glo Germ™ stands out as the preferred training medium by virtually anyone who teaches proper hand washing techniques or food safety compliance. Nearly invisible in ordinary light, Glo Germ™ (fluorescent plastic particles) glows under ultraviolet light. The Glo Germ™ Powder is used to demonstrate cross contamination and surface cleaning. Sprinkle the powder onto the hands, fake a sneeze, and shake hands with several people. Dim the lights and place the UV lamp over the hands and face to reveal how easily germs are spread. To demonstrate surface cleaning, lightly dust a small amount of powder onto a surface, such as a countertop. Clean the surface as you normally would and then pass the UV lamp over the area. Any remaining traces of powder will glow indicating residual bacteria. Kit contains an 8-oz. bottle of oil (approx. 75-100 demos), a 1.9-oz. bottle of powder (approx. 75-100 demos), LED ultra-violet flashlight, and three "AA" batteries.

E732896 \$86.60

SCIENCE

HUMAN BODY

4' Skeleton Floor Puzzle

Ages 5 years + Kids learn all the major bones as they assemble this unique soft foam puzzle. Great for playtime, this large 15 piece puzzle is 4' tall when assembled, making it life-size for kids. Once assembly is complete, have children lie on top of it so they can see where the major bones are in their own bodies! Each puzzle piece is labeled on reverse side. ▲1

E78566 \$48.50

True Life Human X-Rays

Ages 4 years + 18 real x-rays printed on clear, heavy duty plastic. Perfect for use on light tables. Complete body of x-rays measures 5' (1.5 m) tall. Includes idea guide.

E79330 \$46.80

Child-Size Human Body

Ages 4-11 years. Grades K-5. Bulletin board contains two figures, 127cm tall, with labeled skeletal system and body parts, and 6-page resource guide.

E62820 \$18.80

Look Inside Me: MRI Scan

Ages 4 years + Take a look inside the human body with full-size, colourful MRI scans! Use a light table, flashlight, or hold the transparent plastic sheets up to a window to reveal details. The kit includes a completed scan of the entire body (1.5 m) along with two overlays that reveal more details of internal organs. Includes a guide focusing on important bones and organs in the body. 20 Pieces: 1 fully body MRI scan 5' (1.5 m) tall, 2 body organ overlays and guide.

E434098 \$38.95

Broken Bone X-rays

Ages 5 years + Real x-rays of the most commonly broken bones. Hold up to the light or use on a light table. Includes: 15 X-rays and teaching quide.

E731921 \$39.50

Fixed Bone X-rays

Ages 5 years + Authentic x-ray images show the hardware used to fix broken bones. Fourteen additional images of the fractures, printed on card-stock, correspond to the x-rays of the repairs.

E731919 \$40.70

The Human Body

Ages 5 years + Learn about the human body by doing experiments with your five senses that show you how your body works. By exploring the external aspects of your body with hands-on experiments, you can learn a lot about the inside anatomy of the body. Relate your experiments back to human body systems, including the internal organs, skeleton, muscles, and the circulatory system, with clear and accurate anatomical illustrations. With a 48-page, full-colour illustrated guidebook, this kit teaches human biology fundamentals with step-by-step, hands-on experiments. Choking hazard. Small parts. Toy contains a small ball. Not for

Ages 5-9 years. Twice the life-science learning—skeletal system on one side and major organs and muscle groups on the other! Realistically detailed pieces combine to create a body over 3'H! Great for demonstrations, centers and more. Includes 17 magnetic pieces and multilingual Activity Guide with reproducible diagrams.

E733600 \$40.50

Skeleton Models

42 cm. These skeletal models fit into any classroom budget. Made of moulded plastic with a varying range of articulation. Bones are cast in a natural colour with anatomical details. All movable parts are joined by connectors and allow movement around the joint complex. Supplied with a hyoid bone. For teacher demonstration. Not a toy.

E48412 \$42.50

Pumping Heart Model

Ages 8-12 years. Easy-to-use, multi-sensory model uses a simple hand pump to demonstrate basic heart and pulmonary blood flow. Create a memorable exploration of how the heart and lungs work together for oxygen exchange. Includes clearly labeled heart chambers, main artery, veins and lungs, plus Activity Guide. Heart measures approximately 12"L x 11"W x 5"D.

E733598 \$68.90

Soft Foam Cross-Section Human Heart Model

Ages 7-11 years. This human heart model separates to create a cross-section view for hands-on classroom demonstrations. The interior is labeled with the parts of the heart. Activity guide included. 12.7cm diameter.

E79828 \$34.00

Cross Section of Human Eye

Ages 7-11 years. Size: 12.7cm in diameter when two halves are put together. One side is labeled with parts of the eye the other side is labeled with letters for a quiz review. Included: Cornea, iris, pupil, retina, lens, optic nerve, vitreous humor, sclera, choroids, macula, ciliary muscle, and optic disc.

E731062 \$33.80

4-D Human Anatomy Head Model

Ages 8 years + Build your own human anatomy model of the human head! This exceptionally detailed, 4.5" model contains 14 detachable, hand-painted medical education-quality organs and parts and display stand.

E733815 \$52.80

Soft Foam Cross-Section Human Brain Model

Teaching students about the complexities of the human brain is easy with this labeled cross-section model. One half is labeled with parts of the brain and the other has letters for testing purposes. Activity guide included. 12.7cm diameter. **E79830 \$34.00**

Root-Vue Farm™

Grades 1 + / Ages 5 years + Fascinating garden laboratory where kids of all ages watch the action below the ground. Plant the seeds and follow the roots as they grow down. Have a root race and watch the carrots, radishes, and onions take form before your eyes! Complete kit includes self-watering grow unit, 8 special biopower grow mix wafers, 3 packs of seeds, identification labels and 16 page booklet with instructions and experiments. \triangle 1 Small parts.

E67448 \$52.30

Giant Magnetic Plant Life Cycles

Ages 5 years + Set of 12 magnets with detailed stages of the bean plant life cycle (6) and the apple tree life cycle (6). Perfect for whiteboard use. Label-free for versatility. Similar to the magnetic Frog Life Cycle. Guide includes detailed information about each of the steps. Size of largest piece: about 8" x 8".

E733542 \$30.60

Cross Section Flower Model

Grades 2 + / Ages 7-11 years. Demonstrate the parts of a flower in life science lessons with this durable foam tulip model. One half of cross-section is labeled with part names (stamen, petal, pistil, sepal, stem, leaf and roots); other half is labeled with letters for assessment activities. Activity Guide features discussion and labeled drawing of additional flower parts. Measures approximately 6° H.

E731178 \$30.60

Foam Flower Model

Grade 6. This engaging teaching model with removable parts has been designed to introduce students of virtually any age to the flowering plant. Topics include: pollination, vegetative propagation, and the parts of a flower. \$\textstyle{\Delta}\$1

Bean Germination

Give students a visual reference with this bean germination display. Five real bean seeds have been grown and encased in a $3\frac{1}{2}$ " W x $3\frac{1}{2}$ " H x $3\frac{1}{4}$ " D block of clear resin.

E731190 \$38.70

Corn Germination

See the stages of seed germination in 3-D - frozen in time in these beautiful preserved specimens. Size 88 x 88 x 20mm

E731192 \$38.70

Root Systems

Specimens include: tap root (Helwingia chinensis), adventitious (Helwingia chinensis), nodulated (Glycine max), and fibrous (Bromus japonicas). Teacher information guide, student activity sheet, and answer key are included. Size is 8 ¼ x 4 ¾ x 1½ in.

E77627 \$38.70

Ant, Butterfly & Ladybug Life Stages

Ages 4 years + / Grades K + The hidden life cycles of nature's most fascinating creatures come to life with these amazing soft plastic figures. The four stages of the ant, butterfly, and ladybug life cycles have been accurately sculpted and painted. Mix them up and have your kids put them in correct order! \$\Delta 1\$

E731152 Ant \$17.50 E731154 Butterfly \$17.50 E731156 Ladybug \$17.50

Grasshopper Life Cycle Specimen

A life cycle of a grasshopper. Each specimen is unique and different and may differ from the picture shown. Specimen block measures 61/2" x 3" x 1". Preserved and encased in clear resin material. Can be observed from every side to see details.

E77619 \$56.40

Frog Life Cycle

Grades K + / Ages 5 years + 9-Piece jumbo die-cut magnetic set illustrating the life cycle of a frog from egg through tadpole to adult. Full-colour, life-like illustrations. E732974 \$34.40

Wooden Life Cycle Puzzle, 4-Layers

Grades K + / Ages 5 years + Thanks to new technologies, as augmented reality, children discover a lot more about the life cycles of the ladybug, sea turtle, frog and butterfly than they ever could do by making only the puzzle. It's fascinating to see the animals coming to life in the frame of the puzzle. The free app offers a special page where children can show what they have learned about these animals. Puzzles measure 28cm L x 28 cm with 4 layers (layer one - 9, layer two - 16, layer three - 25, layer four - 36) 86 pieces in total.

E. Butterfly G. Sea Turtle E470432 \$49.95 E470434 \$49.95 F. Ladybug H. Frog

Life Cycle Rummy Card Game, Set of 48 Cards

Grades $\hat{\mathbf{2}}$ + Fast and easy sequence-based card game to test and reinforce life cycles. Includes frog, butterfly, flowering plant and turtle life cycles. Includes instructions. Bilingual in English and French.

E735256 \$7.25 pkg.

Chick Life Cycle

Grades K-3 / Ages 5-9 years. A handson model that shows the real thing! This set of 21 plastic eggs opens up to show the stages of a chick development (one egg for each day) as it is incubated. Each egg shows one day of chick development. The last egg opens up to reveal a small plastic chick. Includes: activity guide. 🛆 1

E732372 \$54.70

Insect Pop-Up Cage

Great for viewing insects or butterflies! Students can easily view live specimens through the clear plastic side (other three sides are mesh). Cage is simple to set up, easy to clean, and collapsible for convenient storage and portability. Access the inside of the habitat through the zipper openings on the side, which also makes for easy release of butterflies or other insects. Available in 2 sizes.

Small 16½" x 16½" x 30" ESB46624M \$17.05 Large 27" x 27" x 48" **E733490 \$25.60**

Giant Magnetic Butterfly Life Cycle

Ages 5 years + / Grades K + Set of 9 magnets with detailed stages of the butterfly life cycle. Perfect for whiteboard use, Label-free for versatility. Guide includes detailed information about each of the steps. Size of largest piece: about 9"x7". E733540 \$34.40

Butterfly Life Cycle

Grades K + / Ages 4 years + A life cycle of a butterfly. Each specimen is unique and different and may differ from the picture shown.

E77622 \$64.65

Life Cycle Of The Honeybee

Grades K + / Ages 4 years + Students can closely examine the life cycle of a bee along with the other important aspects of a bee's life without any danger.

E76648 \$64.65

SCIENCE

HABITATS

Ages 3 years + This super-sized critter habitat is perfect for curious little learners and junior nature enthusiasts! Collect and observe bugs, frogs, fish, rocks, leaves, flowers, and more.

- · Gallon sized clear, water-tight plastic container with air holes
- Exclusive rotating feeder pulls out for quick and easy feeding
- 1 Critter catching net
- 4 Magnifiers (4.5x, 3x, 2, 1x)
- Supports 2 habitats: wet and dry (with separator in base)
- Rubber grip handle, perfect for little hands, locks lid/roof onto container

E730720 \$68.80

Grades 4-6. Activities include: What is Ecology?, Earth's Biomes, Habitat is Home, Food Chains, Plants are Producers, Each to its Niche, and more! Skill lists, teacher suggestions, resource lists, evaluation sheets, cross-curricular activities, and answer key included.

E68994 \$22.20

Habitats Communities Ecosystems Artistia

Discover Habitats, Communities and Ecosystems

Grades 4-7. The challenges in this resource range from identifying the elements in a simple food chain to interpreting complex food webs and nutrient cycles. Students look at ecosystem interactions and examine species extinction. Activities on biomes, niches, succession, and changing habitats. This resource also contains a section on ecosystem games and activities on the role of humans in the balance of nature.

E72854 \$49.95

Animal Tracks Rubbing Plates, Set of 16

Ages 3 years + This hands-on, easy product is sure to enhance learning concepts. Add texture to artwork by placing paper over a plate and rubbing with a crayon, marker or pencil to make the design emerge. Great with paper maché. Simple fill tray and let dry. Peel the resulting mold off and your done. Each set includes a quide.

E731611 \$18.45

What's Inside Animals

Ages 4 years + Examine animal photos and place on a light table to reveal the skeletal system, Flip the card over to get a better look at the bone structure. Includes: 16 cards, up $8 \times 10^{\circ}$ ($20 \times 25 \text{ cm}$) and guide.

E444296 \$33.95

Animal X-Rays

Ages 4 years + Examine real x-rays of mammals, reptiles, fish, amphibians and birds. Includes: 14 x-rays, 14 matching picture cards, up to 8x10" (20 x 25cm) and guide.

E434182 \$25.95

Spectrum's Animal Investigation Kit Grades 2 + / Ages 7 years + Investigate Animals! This kit includes "What's Inside Animals" cards, Animal Tracks cards, and rubbing plates stamps, food chain game, and Animal Bites. All in a plastic storage tote.

E730685 \$379.92

Ecology Bulletin Board Chart Set Grades 5 + / Ages 10 years + Each Bulletin Board Chart Set includes a collection of separate posters, each covering a separate, curriculum topic. Each 12" x 18" Chart is laminated and double-sided - Side 1 features a graphic overview of the topic and Side 2 provides "write-on/wipe-off" activities.

The Ecology Bulletin Board Chart Set includes the following charts:

- Ecosystems, Food Chains & Food Webs
- · Cycles of Life & Biomes
- Relationships Among Living Things

E731807 \$19.95

Flip Charts

Biomes & Their Food Webs Exploring Nature, Grades 5 + / Ages 10 years + E731838 \$64.95 Biomes Flip, Grades 5 + / Ages 10 years + E731831 \$64.95

Ages 3 years + Including animals from both the northern Arctic and the southern Arctic environments, they are perfect to nurture an understanding of our fragile natural world and a desire to protect it. Each stone shows a footprint on one side and its owner on the other. Made from a unique stone mix, the stones are durable for use inside and outdoors. Contains eight double-sided stones: Polar Bear, Caribou, Wolf, Musk Ox, Arctic Fox, Arctic Hare, Albatross, and Penguin. △1

E470546 \$40.95

Growth & Change in Animals

Grades 2-3. Students will become familiar with the six animal groups and the animals within each group, They will classify animals and understand the major physical and behavioral characteristics that enable animals to survive. Gain an understanding of metamorphosis and become familiar with the life cycles of various animals. Students will learn how humans affect animals and how animals adapt to different environmental conditions. 40 activities, 96 pages.

E76668 \$22.20

Diversity of Living Things

Grades 4-6. Students will classify organisms in the animal kingdom. They will observe & describe similarities & differences among species, from mammals to microscopic organisms. Curriculum guide 96 pages, 35 activities

E79770 \$22.20

Pond Nets - Pack of 5

Robust nets with close weave mesh netting, ideal for pond-dipping activities. Colour may vary. Size of net: 120 x 110 mm. Handle: 250 mm.

E735559 \$16.80

Telescopic Pond Net

Handy net with telescopic aluminium handle and knotless fine mesh, that will not harm specimens. Safe and durable. Net size is 20 cm in diameter, Telescopic Extendable Handle size is 50 cm - 100 cm.

E735560 \$17.50

Telescopic Sweep Net

Deep insect net with telescopic aluminium handle and high quality mesh which is kind to delicate specimens. Suitable for use at all levels. Net size is $72 \text{ cm} \times 30 \text{ cm}$ in dia. Telescopic Extendable Handle size is 50 cm - 100 cm.

E735561 \$19.90

Explorer Scope

Ages 3 years + This microscope features soft, rubber hand grips, a breakaway neck strap, perfect-fit goggles, and 8x magnification for up-close examination of everything from rocks and leaves to rollie pollies. This introduces the wonderful world of life science. Includes scope with 8x magnification, perfect-fit goggles with enlarged eyepieces, break-away strap, soft rubber hand grips, and telescoping barrel with 15x magnification for distance viewing. The magnification and field of vision are designed specifically for preschoolers' level of perception. This is the ONLY combined microscope and telescope out there! Δ 1

E731927 \$36.50

Ages 5 years + Allows students to view an object from two different angles, top and bottom, through magnifying lenses. Small objects such as insects and plants can be placed in the slide tray. Two students can view the object at the same time. Comes with instructions for several experiments.

E49066 \$19.80

Micro Box Magnifiers

For viewing insects, rocks, coins, stamps, etc. The bottom is a container and the lid is a 3X magnifier.

Small 1" x 1" x 1/8" E03820 \$2.20

Large 1½" x 1½" x 1½" E03821 \$5.10

SCIENCE INVESTIGATIONS

Primary Science® Jumbo Magnifiers

Ages 3 years + Observe on a grand scale with extra-large magnifiers, sized perfectly for small hands. Ideal for taking a closer look at critters, rocks, fabric and so much more! Flip-out stand on each magnifier allows for engaged, hands-free viewing. Each magnifiers super-safe, plastic lens measures 11.3 cm in diameter and offers 4.5X magnification. 20 cm tall. 6 colours.

E447036 Set of 6 With Stand **\$58.95 E447772** Set of 6 Without Stand **\$47.95**

Big View Bug Jars, Set of 6

Ages 3-7 years. Adorable jars have ladybug wings that open to invite little learners to investigate insects. Even children who normally shy away from bugs will be excited to capture and observe critters in these engaging observation jars. Wings open to reveal a 3.5 x magnifying lens. Screw-on cap and air vents keep specimens secure. Durable plastic jars measure 11.3 H cm x 9 cm in diameter.

E446400 \$54.95

Explore One Land & Water Habitat

Ages 6 years + You can create a terrarium for all the insects and bugs you find by simply putting soil and plants in the bottom of the jar. Observe your finds using the tweezers and the two different magnifiers. Four piece set includes: 3.5 L container with handle, detachable magnifier, hand held magnifier, net for catching insects and tweezers.

E735072 \$29.20

GeoSafari® Jr. Bug Viewer

Ages 4 years + Crystal-clear plastic container has a high quality magnifying lid with built in air holes and measuring grid. Includes one 3" Bug Viewer. \(\Delta 1 \)

E21207 \$8.10

Spectrum's Early Learning Essentials Science Kit Set of 24 pcs.

Ages 3 years + This Kit Contains the basic essential tools that every early learning classroom should have on hand to begin to explore introductory science concepts. Set contains jumbo tweezers that are easy for little hands to grasp to be able to pick up small objects. Includes 8 tweezers 2 of each in 4 colours: green, blue, yellow and red. Measures 4.7" (12 cm), Jumbo eyedroppers with extra large cushion to have a whole hand draw up liquids, 8 eyedroppers, 2 each of 4 colours: green, blue, yellow and red. Measures 4.7" (12 cm), and colourful magnifiers that have 3x magnification with a viewing diameter of 2.4" (6 cm) and a full length of 6.9" (17.5 cm). Includes 8 magnifiers 2 each 4 colours: green, blue, yellow and red.

E435245 \$62.95

A. Jumbo Handheld Magnifiers - Set of 4

Ages 3 years + These colourful magnifiers have a 3x magnification with a viewing diameter of 2.4" (6 cm) and a full length of 6.9" (17.5 cm). Includes 4 colours: green, blue, vellow and red.

E435246 \$13.85

B. Jumbo Tweezers - Set of 4

Ages 3 years + These jumbo tweezers are easy for little hands to grasp to be able to pick up small objects. Includes 4 colours: green, blue yellow and red. Measures 4.7" (12 cm).

E435247 \$8.45

C. Jumbo Eyedroppers - Set of 4

Ages 3 years + Jumbo eyedroppers have an extra large cushion to have a whole hand draw up liquids. Includes 4 colours: green, blue, yellow and red.

E435248 \$11.65

Handy Scoopers™

Ages 3 years + Scoop up fine motor skills and practice the motions needed for scissor cutting! Fun tools feature translucent scoops and easy-grip handles. Holes in scoops allow for catch-and-release fun at a water table. Set of 4 packaged in a bucket with handle. Scoopers measure 15 cm long.

E449078 Set of 4 \$20.95

Ages 2 years + A fun twist on fine motor development! Irresistible eyedroppers build little hand muscles. Squeeze the bulb to experience cause and effect, conduct early science experiments and play at the water table too! Measures 15 cm long. Set of 4 packaged in a bucket with handle.

E449080 Set of 4 \$20.95

Primary Science® Jumbo Tweezers

Ages 5 years + These colourful tweezers are just the right size for little hands. The key to fine motor skills is developing the thumb-forefinger pincer grasp. Use with manipulatives or other small objects. Perfect for teachers, specialists, and occupational therapists. Set of 12 tweezers in 6 colours. 15 cm (6") long.

E31050 \$18.95

support inquiry-based investigation and hands-on observation. Plastic tubes are safe at temperatures from 10°-200°F and feature calibration marks (25, 50, 75, and 100 ml). Hand wash. Includes 6 test tubes, different coloured lids (to track experiments), sturdy rack, and activity guide. Tubes measure 15 cm H x 3.75 cm D.

E446394 \$23.95

The same of the sa

Gator Grabber Tweezers™

Ages 2 years + Bucket of alligator shaped tweezers for small hands. Easier tension for littler hands to work the tweezers and develop fine motor skills. Approximate length 10 cm. Set of 12 tweezers in 6 colours comes in a bucket with guide.

E446412 \$17.95

Primary Science Jumbo Eyedroppers Set of 6 in Stand

Ages 3 years + Perfectly sized eyedroppers! Children will have fun experimenting with cause and effect while building fine motor skills. Set of 6 colourful droppers stores in a convenient stand. Droppers measure 11.3 cm H x .625 cm (4.5" x .25").Stand provides convenience and storage for teachers looking for organizational solutions!

Weather & Climate Bulletin Board Chart Set

Ages 10 years + Each 12" \times 18" Chart is laminated and double-sided - Side 1 features a graphic overview of the topic and Side 2 provides "write-on/wipe-off" activities.

The following charts includes:

- Earth's Atmosphere
- Understanding Weather
- Weather & Climate

E731803 \$19.95

Tornado Tube & Fountain in a Bottle

Ages 5 years + Both demonstrations can be done using two empty plastic soda bottles. One connector permits repeated observations of a tornado-like whirl. The second connector shows an artesian well effect, and includes a plastic tube for the water to flow through. Bottles not included.

E06425 \$4.50

Climate & Weather

Grades 5 + With 23 hands-on experiments, you can investigate specific weather phenomena as well as the climate system in general. Full-colour, 48-page manual. $\Delta 2$

ESB49268M \$56.95

Cloud Detective

Grades 4 + Handy tool helps students identify the different clouds in the sky. Simply hold the Cloud Detective so the cloud can be seen through the observation hole in the middle, then try to match the cloud to the images along the outside of the tool to identify the cloud. The opposite side contains additional information related to colour, shape, and current weather to ensure correct identification. Pkg. of 5.

E730674 \$18.90

Insta-Snow®

Ages 4 years + An amazing, super absorbent powder that turns water into a fluffy substance that looks like real snow! Powder expands 100 times. Fluffs up like authentic snow. Activity guide and measuring scoop included. $\Delta \mathbf{1}$

Insta-Snow® Jar. Makes approximately 7.5L of faux snow. 40 total scoops in each jar.

E77782 \$17.50

SCIENCE SPACE SCIENCE

Moon Phases Poster

This one-colour, 28" W x 8" H poster shows eight phases of the moon. Laminated cardstock.

Inflatable Solar System

Ages 5-9 years. Explore our universe with this inflatable classroom set. Teach size and distance relationships of planets, the moon, and the sun. Learn rotation, revolution, and orbit through class activities or demonstrations using this realistic looking set. Includes 36" sun and proportionate planets and moon with sizes ranging from 8"-22". Also includes a foot pump, teacher's activity guide, and hooks for easy hanging. Deflate for easy storage. Δ1 Small parts.

ESB37813M \$72.25

Grades 3-6. Study the 9 planets in our solar system. Includes information cards, reading cards, research and creative writing cards, and much more! 88 activities. E68952 \$22.20

B. The Solar System

Grades 4-6. Learn about planets, stars, comets, asteroids, meteorites, moons, and more. Help students improve reading, research, mathematics, brainstorming, word study, creative writing, artistic, and dramatic skills. Information cards and 82 activities included.

E69000 \$22.20

C. Our Universe

Grades 5-8. Students learn about the solar system, asteroids, meteorites, comets, stars, black holes, quasars, phases of the moon, constellations, and telescopes as they improve their research, math, language, creative writing, and artistic skills. 42 activities plus answer key.

E68950 \$22.20

Giant Magnetic Solar System

Ages 5-9 years. Full-colour, realistically detailed magnets capture students' attention as you model space science concepts on your whiteboard. Includes 8 planets, Pluto (dwarf planet), Sun, Earth's moon, asteroid belt and Activity Guide. Largest magnet (sun) measures 10" in diameter.

E732615 \$34.00

Solar System Interactive Wall Chart with Free App

This Interactive Wall Chart of the Solar System comes alive with any smart device by downloading the free app printed on the laminated 32" x 42" chart. See and learn about the planets and space probes in 3-D interactive animation.

E733695 \$28.50

GeoSafari® Motorized Solar System

Ages 8-12 years. Set up the solar system to see Mercury, Venus, Earth, and Mars rotating slightly faster than Jupiter, Saturn, Uranus, and Neptune, just like they do in space. Turn off the lights and project a planetarium-style star show on the ceiling for the ultimate in-room space experience! Includes a night light with an auto shutoff feature and guide book packed with facts for curious explorers! $\Delta 1$ Small

Meet the STEM challenge and use our hand-crafted wooden models to demonstrate simple machine principles. Each model comes with a detailed activity guide, which includes a brief history of the model, practical applications and classroom experiments.

A. Wooden Fulcrum Balance Scale, Desktop Model

Ages 7 years + The further from the pivot point a force is applied, the greater its effects. This basic principle is behind the operation of the lever and many other basic devices. Teacher's Guide included. 17.75" L x 2.25" W x 5.25" H. \(\Delta 1 \) Small parts.

E77084 \$55.95

B. Lever, Desktop Model

Ages 7 years + A pivoted, rigid body to which forces can be applied at two or more points to transmit and modify force and motion. Great for demonstration in classrooms. 18" \times 2" \times 5½".

E77086 \$33.85

C. Inclined Plane, Desktop Model

Ages 7 years + Defined as a sloping plane for lifting heavy loads to high places. The small weight car also has small wooden wheels. Weight included. 16" L \times 3½" W \times 16" H.

E77088 \$55.95

D. Wheel and Axle, Desktop Model

Ages 7 years + A device consisting of a grooved wheel turned by a cord or a chain with a rigidly attached axle for winding up weight. Sometimes the chain or cord is replaced by a crank or spike and is used in hoisting apparatus such as cranes. 15" x 3" \times 9".

E77071 \$55.95

E. Screw, Desktop Model

An example of a simple machine, which converts a circular motion (the turning of the screw) into a linear motion. It also lets you amplify the force a great deal, since turning the screw only moves the end of the screw a small amount. 7" \times 3½" \times 3-12".

ESB40566M \$49.75

F. Gear Train, Desktop Model

Ages 7 years + A system of two or more toothed wheels meshed together so that the motion of one directs the others to employ a force in a direction in which the resistance is to be moved. 14.75" L x 1.8" W x 5.75" H.

E77078 \$87.20

G. Motion Converter 15" L × 3.5" W × 6" H.

E77080 \$77.85

H. Gear Rack 15.75" L x 1.8" W x 6" H.

E77061 \$66.30

I. Pendulum, Desktop Model

Ages 7 years + As the pendulum swings back and forth, its energy changes from potential energy into kinetic energy. But the pendulum can be used as a device to explore other concepts as well. The time for one swing doesn't depend on the size of the swing or the mass at the end of the pendulum, only on the length. This is why the pendulum came to be used in the earliest accurate clocks. 16" x 4" x 6½".

E77090 \$55.95

J. Pulley, Desktop Model

Ages 7 years + Grooved wheels used with rope to change direction and point of application of a pulling force. Weight included.

E77067 \$55.95

K. Block and Tackle, Desktop Model

Ages 7 years + One pulley can be used to change the direction of the force applied by a cord. A small force on the cord can be used to lift a large weight. Experimenting with the device shows why lifting the block by a short distance requires that the cord be pulled a long distance.

E77094 \$55.95

BricQ Motion

Engages students in STEAM learning as they experiment with forces, motion and interactions in the context of sports. BricQ Motion provides easy, hands-on learning experiences that spark cool "ahas".

LEGO® Education BricQ Motion Essential Set (2 students)

523 LEGO® elements in the set include 4 minifigures and a variety of easy-build elements, gears, weight bricks, springs, a measurement element, a paper holder and more. Sturdy storage box with colour-coded sorting trays for easy classroom management. 2 printed building instructions for models used in the lessons plus additional building inspiration. Replacement elements also included. 2 units of 7 x 45-minute lessons (1 each for lower and upper primary grades), plus math and language arts extensions for additional learning.

E735533 \$194.90

LEGO® Education BricQ Motion Essential Personal Learning Kit E735534 \$16.90

LEGO® Education BricQ Motion Prime Set (2 students)

 $562\ LEGO^{\circ}$ elements in the set include 4 minifigures and special mechanical elements, like gears, springs, wheels, balls, weight bricks, pneumatics, fan blades, measurement elements and more. Sturdy storage box with colour-coded sorting trays for easy classroom management. Printed building instructions for models used in the lessons plus additional building inspiration. Replacement elements also included. 1 unit of 7 x 45-minute lessons plus math and language arts extensions for additional learning.

LEGO® Education BricQ Motion Prime Small Group Set (2 students)

The Small Group Set Includes 1 set of LEGO® Education BricQ Motion Prime (E735535), 2 packs of LEGO® Education BricQ Motion Prime Personal Learning Kits (E735536).

E735538 \$219.95

Physical Science & Sports-themed Lessons Made Easy

With BricQ Motion, pupils experiment with forces, motion and interactions as they build with special LEGO elements like gears, levers, axles and pulleys. All lesson plans and builds within BricQ Motion are sports-themed, making the learning personally relevant and engaging for pupils.

Technology Not Required

BricQ Motion does not utilise technology, meaning the solution is a great fit for teachers and pupils just getting started with STEAM learning and not quite ready for a technology component.

In the Classroom, at Home, or Somewhere in Between

BricQ Motion makes learning flexible - teachers can combine classroom sets with Personal Learning Kits to ensure engagement and continuity, regardless of where the learning happens.

Gears in Bulk

Sets include 40, 30 and, 20-tooth gears with 4mm bore and a 12-tooth gear with a push-fit to a 2mm motor shaft. There are 3 inserts on each sprue, which allow the 4mm bore to reduce to a 3mm bore. All gears are beveled to allow 90° meshing. The 40-tooth gear has an extra hole to create eccentric movement or for a crank handle (fits 4mm dowel). △1

Mechanics: Cams & Cranks

Ages 8 years + Learn how you can transmit power using Cams and Cranks and how they can be used to convert reciprocal to linear motion. Discover how these mechanisms are crucial elements of many machines even though they are not considered as "Simple Machines". Build 8 working models such as a fishing crane, an oil pump, a moving figure, a moving bridge, a sewing machine and a flying eagle. You can find easy-to-follow building instructions for all models either online or in the booklet included. The booklet provides detailed explanations of the different scientific principles applied and incorporates innovative experimental activities for hands-on learning. A1

E77815 \$89.30

Mechanics: Gears & Worm Drives

Ages 8 years + Learn how gears can easily reduce or increase speed, change force, or transfer motion from one position to another. Build 8 working models, including an experimental crane, a gearbox, a carousel, a hand drill, a helicopter, a hand blender, a rotating sign post and a high speed fan. A 36 page activity book is included with innovative experiments and detailed explanations of the different technological principle applied! A booklet with detailed building instructions is also included. $\Delta 1$

Grades 4 + This 744 piece set contains multiple gears, pulleys, axles, chains, and frames to create an endless number of STEM projects. Contains a clear drive unit that can move the gears and other pieces forward or reverse. Requires one "C" battery (not included). Includes instruction guide. △1

E730911 \$98.50

K'Nex Education

Gears

Ages 8 years + 180 K'NEX pieces per set and enough building instructions for 7 real world models. Demonstrates spur, crown and sprocket gear systems. Comes packaged in a strong, stackable storage solution with dividers. Teacher's Guide now included on CD with all sets. △1

E76852 Individual Set \$79.95 E77106 Class Pack of 8 \$599.95

Gears! Gears! Gears!®

A. Movin' Monkeys

Ages 4 years + Kids develop their own "gears jungle" or use the easy-to-follow instructions. Includes 136 pieces. $\Delta 1$

- 1000s of possibilities! Draw your own game controller, sneak a cat selfie, and dance like never before.

Contents:

Makey Makey™ Board, USB Cable, 7 Alligator Clips, 6 Connector Wires, Instructions with Visual Project Start Guide, Online Documentation, and 20 Colour Stickers.

E732957 \$74.95

Ages 8 years + Turn everyday objects like bananas into touchpads! Connect the world around you to your computer! Setup takes just seconds. Just plug, clip, and play! No programing knowledge needed. No software to install. Works with Mac and Windows.

Perfect for classrooms, schools, districts, workshop teachers, and anyone else that wants all their Makey Makey in a really nicely organized briefcase. The Makey Makey STEM Kit is a distillation of 12 Makey Makeys, 12 booster packs and some extra parts for when you want to invent something even bigger.

Contents:

- 12 Makey Makey Classics
- 12 (6ft) Alligator Clips
- 12 (6ft) Connector Wires
- 63 extra Alligator Clips
- 144 New and Improved Connector Wires (for the back)
- 12 Makey Makey-Optimized Conductive 6B Pencils

In addition, each of the 12 Makey Makeys in the STEM Pack has its own box that comes out of the case containing the Makey Makey, USB cable, 7 alligator clips, and how-to booklet.

Matatalab Coding Set

Ages 4 years + Kids use their imagination to create infinite possibilities using coding blocks, by controlling a robot car through coding algorithms. Kids receive instant feedback, and quickly learn that coding is simple. Starting young and equipped with the understanding of fundamental concepts, kids at a later age will be able to grasp more abstract concepts of real programming at school and can learn without fear A1

E735037 \$310.92

Matatalab Lite

Ages 3 years + / Grades K + An easy-to-use coding robot ready to take young kids on an exciting coding adventure. It consists of a responsive robotic car and a wireless Controller featuring 3 modes. △1

Control Mode

Students can easily control the robot's movements! Pressing the buttons on the controller freely, they will find out soon, the movement of the robotic car corresponds to the symbols of the buttons.

Coding Mode

Students can press a series of commands on the Controller, then press the "Play Button", the robotic car will execute accordingly. Students will easily learn the basic coding concepts. By setting a series of programming commands, the robot can automatically complete a challenge.

Sensor Mode

The sensor mode made allows the robotic car to judge obstacles, detect surrounding sounds, react to light, and even be controlled by certain colors! When combined with different story backgrounds, more fun and advanced plays will be unlocked!

E735352 \$230.92

HB Green Screen **Production Kit**

Ages 8 years + Technology is transforming students from consumers to creators as more and more schools are recognizing the value of closing the book in favor of practice learning. "Students as producers" provides engaging opportunities to teach digital literacy, citizenship and creator's rights.1 Green screens once a staple of any special effects film studio, are now becoming

Lite

an exciting and realistic addition for any digital classroom. The HB Green Screen Production Kit includes everything a student, a classroom or a school would need to create engaging and professional looking broadcasts, presentations and short

- One (1) 9' x 60" green screen backdrop cloth
- One (1) USB webcam
- One (1) I Can Present editing software

E735482 \$284.60

Spectrum Coding Cards

Practice unplugged coding with these coding cards. Pick an Activity and choose the Movement cards to complete the task. Then use Challenge cards to further test coding skills. These cards can be used to direct the movements of people or robots. Bilingual in English and French. 3 instruction cards, 10 activity cards, 10 challenge cards, and 90 movement cards. A total of 113 cards in the package!

BBC micro:bit V2 - 10 Student Classroom Pack

Ages 11 years + / Grades 5 + The BBC micro:bit V2 10 Student Classroom pack contains everything you need to deploy the micro:bit in the classroom. It consists of 10 \times BBC micro:bit V2, 10 \times 1M anti tangle USB Cables, 10 \times Battery Cages and 20 \times AAA Batteries. This buying option offers a better value way of obtaining multiple starter packs, making it an ideal choice for equipping a classroom.

E735531 \$299.92

BBC micro:bit V2 (Board Only)

Ages 11 years + / Grades 5 + The new micro:bit V2 is the latest revision of everyone's favourite powerful palm-sized, and fully programmable computer. Conceived by the BBC to encourage children to get actively involved in writing software and building new things that will be controlled by it. V2 is the same size, shape, and it works in the same way as the original micro:bit. So, if you have used the original then this will be instantly familiar to you. Write your code using one of the easy to use editors provided on the micro:bit website, connect your BBC micro:bit to your computer via USB, press the download button in the editor, and then download the file to the micro:bit.

E735529 \$29.95

Inventor Kit

Grades 5 + / Ages 10 years + Comes with everything you need to make 10 experiments including using LEDs, motors, LDRs and capacitors. To get you off to a flying start, this also includes an easy to follow tutorial book which guides you through everything you will need to know about programming the BBC micro:bit.

No soldering required - build your first circuit in minutes! 11

E732149 \$64.90

Kitronik Individual Student Discovery Kit for the BBC micro:bit

Ages 10 years + The Kitronik Discovery Kit for BBC microbit is a great way to get started with both programming and electronics. The Kit contains five experiments that start very simply, building up to simulating real world systems as confidence grows. The included booklet assumes no prior knowledge and contains detailed information about everything the new user will need to know. It covers everything from using a prototyping board to how to use the Microsoft MakeCode Editor, and everything in between. This is the ideal kit for someone who is new to the micro:bit, electronics, and coding. The kit contains five experiments and all of the components required to complete them. Each experiment has; a complete code walk-through, a circuit diagram and a top-down breadboard view, full explanations of what is happening, and how the electronics work. Note: This kit does not include a micro:bit. No soldering is required and you can build your first circuit in minutes! \$\Delta 1\$

Meet LEGO[®] Education SPIKE[™] Prime

LEGO® Education SPIKE™ Prime accelerates STEAM learning by consistently engaging students to think critically and to solve complex problems, regardless of their learning level.

From easy-entry projects to limitless creative design possibilities, SPIKE Prime helps students learn the essential STEAM and 21st century skills they'll need to become the innovative minds of tomorrow. All while having fun!

SPIKE Prime comes with standards-aligned lesson plans featuring age-appropriate themes that can be easily integrated into existing curricula. Most of the lessons can be completed within a 45-minute class period - from building the model to coding and bringing the model to life. The online lesson plans and in-app how-to guides make implementation a breeze!

Value Every Step of the Way

With LEGO® Education SPIKE™ Prime, students will develop abstract thinking and reasoning skills through STEAM units with real-world relevance. SPIKE Prime is made up of four units with curriculum-aligned STEAM-related content focusing on engineering, computer science, technology, and competitions.

LEGO® Education SPIKE™ Prime Set

Ages 10 years + The LEGO® Education SPIKE™ Prime Set is the go-to STEAM learning tool. Combining colourful LEGO® building elements, easy-to-use hardware, and an intuitive drag-and-drop coding language based on Scratch, SPIKE™ Prime continuously engages students through playful learning activities to think critically and solve complex problems, regardless of their learning level. From easy-entry projects to limitless creative design possibilities, SPIKE™ Prime helps students learn the essential STEAM and 21st century skills needed to become the innovative minds of tomorrow... while having fun!

The heart of the SPIKE™ Prime system is the programmable HUB. This advanced yet simple-to-use, brick-shaped device features 6 input/output ports, 5x5 light matrix, Bluetooth® connectivity, a speaker, 6-axis gyro and a rechargeable battery.

The SPIKE™ Prime Set also includes highly accurate motors and sensors that, together with a large variety of colourful LEGO® building elements, lets students design and build fun robots, dynamic devices, and other interactive models. Many attachment points on the Hub, motors and sensors plus new, large building elements means students spend less time building and more time learning. The durable storage box and 2 sorting trays also mean time spent setting up and clearing away is kept to a minimum, while the smaller trays are ideal when desk space is limited. The intuitive coding environment for tablets and computers takes the best elements from the popular coding language based on Scratch, creating a system that teachers and students will love.

Includes:

Sturdy Storage Box with Sorting Trays, Programmable Hub, Distance Sensor, Force Sensor, Colour Sensor, Large Motor, 2 Medium Motors, Over 500 Appealing LEGO® Technic™ Elements in a Fresh Colour Palette Δ1

education

What can children learn when play has purpose?

Spark primary school students' passion for STEAM learning through purposeful play with **LEGO® Education SPIKE™ Essential.**

LEGO® Education SPIKE™ Essential

Ages 6 years+/Grade 1+

Get primary school students excited about hands-on STEAM learning. This playful, narrative-based learning experience is part of the LEGO Learning System and encourages pupils to investigate STEAM concepts, while contributing to literacy, math and socialemotional development.

- 4 relatable minifigures with diverse identities and characteristics foster problem-solving and social-emotional learning.
- Includes 2 Small Motors, a Colour Sensor, 3x3 Colour Light Matrix and an intelligent Small Hub with 2 I/O ports, Bluetooth connectivity, 6-axis gyro and a rechargeable Li-ion battery with micro USB charging and connection port.
- 449-piece set also includes a selection of familiar LEGO® bricks and replacement elements for intuitive and easy construction.
- Sturdy storage box with colour-coded sorting trays for easy classroom management.

The SPIKE™ App, featuring age-appropriate icon- and word-based coding based on Scratch, helps develop pupils' coding skills.

- 5 units of 8 x 45-minute, curriculum-aligned lessons encourage independent STEAM thinking through playful, narrative-based problem-solving.
- Comprehensive teaching resources for each lesson give every teacher confidence to deliver engaging lessons. Key learning
- Develop computational thinking skills, including creating and modifying sequences, testing, debugging and using loops.
- Explore the engineering design process, including defining a problem, brainstorming solutions, and testing and refining prototypes
- Investigate the scientific concepts of energy, energy transfer and collision.

E735611 \$432.90 Set

Meet some of our favourite elements from LEGO® Education SPIKE™ Essential.

Students' creativity will flourish as they bring their STEAM creations to life.

Minifigures Diverse identities and characteristics make STEAM learning relatable.

Stackable LEGO® Bricks For easy building and accessible hands-on learning.

Bridge Pin Connects creative system-brick builds to hardware and LEGO®

16x16 White Baseplate A 'blank canvas' ready for students' creative ideas, models and imaginations.

Small Hub Create engaging, interactive models by connecting the

LEGO® Technic

Hub to motors, sensors, other LEGO® elements and Bluetooth

LEGO® Technic Small Angular Motor

The compact design profile and integrated rotation sensor with absolute positioning.

Small Wheel Features increased maneuverability and is a perfect fit to the small motor.

LEGO® Technic 3x3 Colour Light Matrix

Individually program the nine pixels to create patterns and animations in 10 colours

LEGO® Technic Colour Sensor Detects colours and allows creations to react to their environments.

Decorative Elements Add a fun and quirky twist to students' stories.

ROBOTICS

Photon Robot

Ages 5 years + Photon is a robot for K-12 students with lessons that help them re-engage and re-connect. Whether used for any classroom, incorporating social-emotional learning tools for all types of learners, or to spark interaction and engagement in STEM and robotics programs, Photon progresses with students through each grade level and teaches them coding skills. $\Delta 1$

- Photon integrates with many software systems
- · Additionally, Photon is compatible with Windows, Mac iOS, Chromebook, and Android
- The robot allows educators to carry out both general early-school classes as well as specialized technical subjects and computer science

E735650 \$349.50

Photon Social-Emotional Learning Kit

Ages 6-12 years All activities in the Kit are based on the leading Social-Emotional Learning methodology developed by CASEL (Collaborative for Academic, Social, and Emotional Learning). Students develop the skills necessary to handle their emotions, thoughts, and behaviors in a variety of challenging situations and learn to achieve goals and aspirations. Students will learn how to handle stress and pursue personal and group objectives. The exercises include Improving students' ability to recognize their strengths and limitations and enhancing their self-confidence. They also include learning effective communication, active listening, group work & problem-solving, as well as interacting in socially and culturally foreign environments. Teach how to offer help when help is needed and to protect the rights of others. Exercises include, but are not limited to, teaching students to properly display respect, concern, empathy, gratitude, and compassion. The Kit is designed to work with children between the ages of 6-11. Teachers receive a box containing a robot, accessories, and a set of 50 activity ideas. Moreover, each activity can be carried out with the same group of students many times over. The accessories such as Educational Mats make the activities more exciting, while the colorful drawings stimulate the students' imagination. There is also an educational cube, name sticks, and five sets of flashcards available for the group to use. Such a structured activity, full of stimuli and colors, ensures full engagement and enthusiasm of the children. $\Delta 1$ E735664 \$799.90

Photon Early Education Kit

Ages 5-6 years Teach through play. We believe that classes should be fun − both for teachers and students. By keeping students enthralled and entertained we make learning seem like play. The Early Education Teaching Kit is designed for the comprehensive development of the youngest. It comprises activities for cognitive, social, emotional, and physical development. Photon and 50 lesson plans make the central part of this kit. Additionally, teachers will find all accessories necessary to carry out the activities, including two educational mats and a deck of flashcards. The lesson plans are organized according to key areas: cognitive, social, emotional, physical. Each plan provides teachers with detailed instructions on how to conduct the activities. The set includes a comprehensive user's manual to walk the teacher through the first steps of using the robot and describe in detail how to use the Photon EDU app and other materials. Δ1

ROBOTICS

ROBOTICS

to voice, med of ash —

Meet Dash.

Dash is a real robot, charged and ready to play out of the box. Responding to voice, navigating objects, dancing, and singing, Dash is the robot you always dreamed of having. Use Wonder, Blockly, and other apps to create new behaviors for Dash — doing more with robotics than ever possible. No books or camps needed!

Five Great Things about Dash

Dash is a real robot for children ages 5 and up that is responsive to its world; your students can bring it to life with the free apps available on iOS and Android. Dash comes with hundreds of exciting coding adventures and projects available in Wonder and Blockly apps.

Use your Apple or Android smart phone or tablet to program Dash to move, dance, light up, make sounds, avoid obstacles, and even react to your voice. With the revolutionary free app Wonder, students can program Dash to be the real robot pet, pal, or sidekick of their dreams.

No instructions needed! Our Wonder and Blockly apps feature built-in challenge tutorials that teach you how to program Dash from the very beginning of each program!

Dash & Dot Challenge Cards Ages 5 years + Beginner-friendly challenge cards invite students to level up their coding skills through fun, hands-on activities. 72 openended coding projects are designed to meet CSTA and ISTE standards and are aligned with Code.org's Computer Science Fundamentals series. E730951 \$75.92

Accessories Pack Ages 5 years + Includes: Dash's Bulldozer Bar Tow Hook Bunny Ears & Tail E730828 \$75.92

Building Brick Connectors

Ages 5 years + Dash & Dot can use building brick connectors to play with your existing toys! They are compatible with LEGO® bricks,

Technics, Mindstorms kits and Hero Factory. Each pack comes with 4 connectors.

E730830 \$36.92

Gripper Building Kit

Ages 5-12 years. The Gripper Building Kit is an easy-to-connect set of functioning arms that expand your robots' capabilities. Build the mechanical arms for hands-on learning of gears, levers, and axles. Master more robotics skills by simulating real world object detection and manipulation using your robots' sensors and motors through code or manual remote control. The Gripper arms will lift, carry, pull, pick up, and place a variety of lightweight objects for endless play and DIY challenges. Designed exclusively for Wonder Workshop Dash and Cue robots. ▲1

Gripper Building Kit Includes:

- ullet 1 76 piece construction set
- 3 Building Brick Connectors1 Plastic ball
- 1 Foam number code
- 1 Building Instruction Booklet
- 1 Quick Start / Solution Guide
- 4 Activities for Dash Robot on doublesided Project Cards
- 4 Activities for Cue Robot on doublesided Project Cards

ROBOTICS

Sphero Mini™ (Single) Ages 8 years + What's in the Box:

- Sphero Mini Robot
- Micro USB Cord
- 3 Mini Traffic Cones
- 6 Mini Bowling Pins

E730974 White \$79.92 E730975 Blue \$79.92 E730976 Green \$79.92 E730977 Orange \$79.92 E730978 Pink \$79.92

Sphero Mini™ Pins and Cones Accessory Pack

Ages 8 years + The Sphero Mini™ Accessory Pack includes the same Mini fun, just more of it. This pack includes 10 Mini Bowling Pins and 6 Mini Traffic Cones. Set up a driving course or throw a strike using your favourite drive mode. $\Delta 1$ E735150 \$15.90

Sphero® Code Mat & Activity Cards

Ages 8 years + The Sphero® Code Mat seamlessly pairs learning with play. Perfect for educators, students, and parents, this two-sided mat offers a simple, accessible way to learn block-based coding, basic math principles, and collaborative problem-solving with Sphero® robots. The mat comes with 3 sets of Activity Cards, providing over 40 hours of coding and skill building. It's the perfect pairing for hands-on coding concepts.

The Sphero Mini Activity Kit

Ages 8 years + Has everything you need to get rolling and playing. Each Kit comes with a Construction Set, Activity Cards, Pins, Cones and a Robotic Ball Cover. Follow the 15 STEM-inspired Activity Cards to build mazes, design obstacle courses, construct towers, play sports, and more. Download the Play app to explore driving modes or use the robot as a controller for arcade-style in-app games--test your skills as you dodge and destroy asteroids, race through a tunnel, or smash a polygon of bricks. Download the Sphero Edu app to dive into Draw, Blocks, and Text coding activities or create your own programs and then share them with the world. $\Delta 1$ What's included:

- 1 robotic ball with a clear shell
- 15 Activity Cards
- 28-piece Construction Set
- 6 Bowling Pins
- 3 Cones
- Robotic Ball Cover
- Micro USB Cable

E735356 \$129.92

SPHERO Mini Education 16 pack

Ages 8 years + The Sphero Mini Education Kit has everything you need to get rolling and learning, including 16 clear Sphero Mini app-enabled robotic balls, bumper covers to protect your bots, mini traffic cones, bowling pins, construction sets, and activity cards that help expand playtime and imagination in STEAM learning. **Δ1** What's included:

- 16 Sphero Mini app-enabled robotic balls w/clear shells and laser-etched IDs
- 16 Robotic ball covers
- 16 sets of 6 pins and 3 cones
- 8 construction sets
- 8 splitter USB cables

E735357 \$1,895.92

TECHNOLOGY **ROBOTICS**

SPHERO BOLT

Ages 8 years + Sphero Bolt is an app-enabled robotic ball that provides endless opportunities to have fun while learning. Program with the Sphero Edu app, discover community-created activities or just drive and play.

BOLT was built to shine with an animated 8x8 LED Matrix that displays real-time data and advanced sensors like its gyroscope, accelerometer, and infrared communications. Get amped – Sphero BOLT establishes a striking new way to learn and play.

- · Learn to code by drawing, using Scratch blocks or writing JavaScript text with the Sphero Edu app.

 • The colour LED matrix is fully programmable
- BOLT to BOLT infrared communication allows for new games and advanced movements like swarming.
- Auto aim your robot thanks to the built-in compass
- Durable UV-coated clear plastic shell
- Bluetooth Smart connection (100 foot range)
- Inductive charging (6 hour charge for 2+ hours of play)
- Top speed: 4.5 MPH

E732091 \$239.82

Teacher tools include an app for easy updates, teacher training with Educator Bot Camp, plus access to 150+ STEAM lessons. $\Delta 1 \Delta 4$ E735064 \$4,036.82

ROBOTICS

iRobot® Root® Coding Robot

Starting at Grades K + Root® is a little robot with lots of possibilities. Root® helps you learn, play, and explore using your imagination. Root® is the only coding companion that grows with you from pre-readers all the way through high school. Coders of any age or skill level can use Root® as their creative tool in defying gravity and climbing walls, moving about on smooth surfaces to draw artwork, playing music, responding to touch and colour, or using many of its other unique abilities. 1 year warranty. A1

What's Included:

- 1 Root® Robot (remote control via iPad & iPhone)
- 1 Reusable foldout whiteboard
- 1 set of Vinyl cling sheets
- 1 USB charging cable
- · 2 Dry erase markers
- 1 Dry erase cloth
- · Root® Coding app free download (available on App Store)

E735428 \$329.90

Using Robots to **Empower Learning!**

- Root® draws by lifting and dropping any marker or pen. Just add code and Root® brings your creativity to life.
- Root® sees light, hears sound, senses drop-offs, feels a bump and detects your touch.
- Through drawing, music and movement, Root® brings coding into the physical world, so it isn't just a concept, it's a reality.
- Through guided lessons and projects, students can learn the fundamentals of coding and explore more advanced concepts as their skill increases.

 • Built-in games, art projects and logic challenges pack hours of fun for any interest.
- · Root® is the only coding companion that grows with your child by seamlessly switching the coding interface from graphical blocks for non-readers to full text for advanced coders.

Level 1: Graphical Coding

Graphical blocks teach essential logic skills of coding. Students problem solve with Root with real code by drawing, playing music, and making games. Ideal for Ages 4 years +

Level 2: Block Codina

Level 2 gives students more control of the code with a more detailed interface. The hybrid drag and drop language builds computational fluency. Ideal for Ages 7 years +

Level 3: Full text Codina

Advancing to Level 3 allows you to solve problems and learn the syntax and structure of professional coding languages in Swift. Ideal for Ages 12 years +

Don't let gravity get in the way! Whether demonstrating a concept in front of a classroom or playing on the family message center, Root® turns coding on its side!

Root® Academy

For advanced users and educators, additional premium content is available with a subscription including activities modeled after CSTA standards, printable worksheets and exclusive access to Beta projects. Access a world of creativity and go on a journey with the Root built-in coding tutor and new learning content!

Root® Academy 1 Year Subscription (valid for up to 100 devices) È735432 \$399.95

Root® Academy 1 Year Subscription (valid for up to 1,000 devices) È735431 \$1,299.95

GRAVITRA

DESIGN & MAKE

Use your imagination to build superb tracks and set the gravity spheres rolling! This STEM system [Science, Technology, Engineering and Maths] is ideal to teach children about gravity, magnetism, kinetic energy and fun. Freestyle with your own track design or use the tasks and blueprints included to help you to get started in the world of GraviTrax!

GraviTrax Buildings Expansion Set

Ages 8 years + Experience the power of gravity! GraviTrax is the all new STEM track system from Ravensburger! Use your imagination to build superb tracks and set the gravity spheres rolling! This expansion pack includes over 25 components to extend the fun of your GraviTrax with even bases and levels to experiment with. Δ1

Contents:

2 Base Plates, 1 Transparent Level, 8 Large Height Tiles, 4 Small Height Tiles, 2 Switches, 13-in-1 tile, 1 Vortex, 1 Finish Line, 4 Basic Tiles, inserts for basic tiles: 2 Catchers, 1 Freefall, 1 Splash, 1 Landing

E735498 \$29.90

GraviTrax Starter Set

Ages 8 years + Get started with this interactive and imaginative STEM construction system, which allows you to build superb tracks and set the gravity spheres rolling! Experience the power of gravity! $\Delta 1 \Delta 4$

The Starter Set includes: 1x Set of Instructions, 1x Set of Blueprint, 1x Exercise booklet, 4x Card Bases, 2x Transparent levels, 6x Gravity Spheres, 3x Long Rails, 6x Medium Rails, 9x Short Rails, 1x Magnetic Cannon, 21x Curved Bases, 3x X intersection Bases, 1x Vortex Base, 2x Y Points Bases, 1x End target, 1x 3in1 Base,

4x Bases for inserts, 1x 3 Way Starter Base Insert, 2x Catcher Base Inserts, 2x Switches, 1x Base Insert, 1x Free Fall Base Insert, 1x Target Base Insert, 40x Large Vertical Tiles, 12x Small Vertical Tiles.

E735500 \$79.90

GraviTrax Lifter Expansion Set

Ages 8 years + Raise your track to new heights! Press the lever as a marble enters the Lifter at the bottom to release the marble at the top. Combine the Lifter with your GraviTrax Starter-Set for an elevated experience! How many marbles can you raise to the top? Δ 1

Contents:

1x Lift, 7x Gravity Spheres, 1x Clear Level, 8x Large Vertical Tiles, 4x Small Vertical Tiles, 1x Long Rail, 2x Medium Rails, 3x Short Rails

E735499 \$29.90

GRAVITRA

GraviTrax Bridges Expansion Set

Ages 8 years + Bridge track sections!
Bypass large gaps with Bridges.
Combine the Bridges with your
GraviTrax Starter-Set for even more
variety by interlinking track sections for
really spectacular results. How many
unique track designs will you create?
Δ1 Δ4

Contents:

Instructions, 3 length-adjustable bridges, 2 extra-long narrow plastic tracks, 2 extra-long slow plastic tracks, 1 long plastic track, 2 medium plastic track, 3 short plastic track.

E735497 \$29.90

GRAVITRAN

GraviTrax Tunnels Expansion Set

Ages 8 years + Use the Tunnels to hide the marbles as they travel through your track. Combine the Tunnels with your GraviTrax Starter-Set for added mystery to your track. Will you be able to keep your eye on the marble as it rolls through the tunnels? $\Delta 1$

Contents:

4x Curved Tunnels, 2x Straight Tunnels 2x 'Y' Junction Tunnels, 2x Card Bases, 1x Vertical U-Turn, 2x Drop Rails, 2x Bent Rails

E735502 \$29.90

Ages 8 years + This expansion pack includes over 40 components to extend the fun of your GraviTrax with even more tiles and tracks. Δ1 Δ4

Contents:

16x Large Vertical Tiles, 8x Small Vertical Tiles, 7x Curve Tiles, 1x Junction Tile, 1x Long Track, 2x Medium Tracks, 3x Short Tracks, 6x Balls

E735501 \$29.90

DESIGN & MAKE

3DuxDesign Construction Set Cardboard Refills for the Class

Ages 4 years + / Grades K-6 Need some extra shapes for your 3DuxDesign construction and models in the classroom? This assortment will contain a wide variety of shapes from 1" to 10", both

solid and with unique cut-outs that are perfect for doors and windows, wheels, character shapes and a whole lot more! Each box will have a minimum of 500 pieces. Our corrugated material is matte white on one side so students can use pencil, marker, paint, glue, or tape for decorating their projects. Δ 1

E735633 \$94.40

Jumbo Cardboard Connector Set

Ages 4 years + / Grades K + The 3DuxDesign Jumbo Cardboard Connector Set is the perfect product for all your cardboard construction needs. A colourful assortment of reusable connectors can transform ordinary cardboard boxes into highly complex 3D models. No messy glue or expensive tape, these connectors have the additional benefit of allowing students to rework and refine their projects over and over again.

3DuxDesign connectors can be used for model making of any type... create buildings, vehicles, entire communities, bridges or use them for science fair projects, prototyping inventions, architectural and engineering models. Set of 60 assorted connectors. $\Delta 1$

Build Your Own Space Station

Ages 4-10 years / Grades K-5 Image, design and build your own space stations with the 3DuxDesign cardboard construction set. Your little astronauts and aerospace engineers can build and decorate anything they can imagine for the trip to distant planets. With acute, right and obtuse angled connectors in this set, students learn geometry, fine motor and 3D spatial skills as they create. Assorted cardboard shapes are matte white and perfect for use with crayons, markers paint and more! Add your own extra recycled cardboard for endless applications. \$\triangle 1\$

E735637 \$17.50

3DuxDesign "Site Map" Mat for Architecture and Community Models

Ages 4 years + / Grades K-6 Need the perfect mat for your 3DuxDesign or other cardboard modeling projects? This flexible, sturdy, and easy-to clean "sitemap" is perfect for all of your architecture, community and urban design STEM projects! This suburban/rural mat features grassy lots, water features, pavement and even a "construction zone" and is perfectly scaled to fit the 3DuxDesign modeling system. Build an entire cardboard community with this 72" x 36" mat then store it in the closet until you're ready for the next project.

E735635 \$99.95

LED Lighting Set - Singles

Ages 9 years + / Grades 3 + The 3DuxDesign LED lighting sets are perfect for little electrical engineers to be! Students learn about circuits and LED lighting while they build a dog house and then electrify it for the little pup that comes with the kit. Each kit includes:

- 18 3DuxDesign connectors
- 16 geometric cardboard shapes
- 4 LED light bulbs
- AA battery holder
- 2 alligator clips
- Conductive tape

Everything needed to build a house and experiment with parallel and series circuits. Use the extra materials to light up other 3DuxDesign architectural models or any other cardboard creations. $\triangle 1$

E735636 \$20.50

DESIGN & MAKE

GO-BOX PRO Maker Kit with LED Lighting Ages 9 years + / Grades 3 + The GO-BOX Pro Maker Kit is the perfect product to engage students ages 9+ in learning about architecture, engineering and electrical circuitry. Our lesson plan walks students through building and electrifying their very own Dog House and then young engineers are ready to electrify anything from a house to an entire city! This kit comes with connectors, cardboard shapes, LED lighting components, and more! Students can use 3Dux cardboard forms along with your own recycled cardboard boxes to build, decorate and electrify endless creations. $\Delta 1$

Contains:

- 400 connectors
- Over 500 cardboard forms
- 5 pc geometric ruler set
- · 3DuxDesign exclusive carrying case

E735641 \$364.50

• 10 LED light sets, each including 4 coloured LED bulbs with built in resistors, 2 alligator clips, specialty adhesive conductive tape, 1 AA battery holder (2 batteries AA required), 1 animal figurine

· Toy dogs for dog house activity

The GO-BOX has enough connectors and cardboard to keep up to 30 students building anything they can imagine. Use your own re-purposed shipping boxes with the connectors for endless raw material and shapes. No messy glue or expensive tape needed; plus the reusable 3DuxDesign connectors allow students to rework and refine their projects over and over again. 3DuxDesign modeling sets can be used for model making of any type... create buildings, characters, vehicles, bridges or design and build the entire sustainable community of the future. Δ 1

E735639 \$269.95

STEM with Friends Mini Kit

Ages 4-10 years / Grades K-5 The STEM with Friends Supply Set is perfect for little kids with big imaginations! Use for independent play and projects in the class or for fun at home with remote learning. Your little engineers and architects can build and decorate anything they can imagine. With acute, right and obtuse angled connectors in this set, students learn geometry, fine motor and 3D spatial skills as they create. Add your own extra recycled cardboard for endless applications.

Have a group? Combine student projects to create entire communities! These kits can also be combined with other 3Dux/design modeling sets to create larger and more complex structures. A1

STEM Careers: Book-N-Build Set by 3DuxDesign Ages 8 years + / Grades 3 +

Join forces with STEM Superheroes creator, award winning and bestselling author Erin Twamley to bring your students an incredible reading and hands-on STEM (Science,

Technology, Engineering and Math) experience they will never forget!

The STEM Careers: Book-N-Build Set provides a copy of the Everyday Superheroes: Women in STEM Careers book featuring stories, careers and superpowers of 26 women in STEM, 6 unique STEM career-inspired Design Challenges, and all the materials they need to complete the activities and

have your learners truly thinking like STEM Superheroes™! Each of the 6 STEM Career Challenge Kits are designed for teams of up to 5 students. $\Delta 1$

Each kit includes:

- 45 3DuxDesign connectors
- · 50 geometric cardboard shapes
- 2 pipe cleaners
- 2 pom poms
- · 2 craft brads
- •1 toy animal •36" yarn
- 2 straws
- · Water proof, easy-to-clean storage

GO-BOX Mega Cardboard Connector Set

Ages 4 years + / Grades K-8 The GO-BOX Mega Set is the ideal product for all your cardboard construction needs. An assortment of 400 reusable connectors can transform ordinary cardboard boxes into highly complex 3D models. No messy glue or expensive tape, these connectors have the additional benefit of allowing students to rework and refine their projects over and over again.

3DuxDesign connectors can be used for model making of any type... create buildings, vehicles, entire communities, bridges or use them for science fair projects and prototype architectural and engineering models. Ideal for students

DESIGN & MAKE

Makedo is a simple to use, open-ended system of tools for creative cardboard construction. Build imaginative and useful creations from up-cycled (re-purposed) everyday cardboard. Makedo comes to life in collaborative creative environments such as classrooms, maker spaces, museums and of course, homes.

Makedo Explore 50pc Ages 7 years + / Grades 2 + This is pure, no-tech (but tech-friendly*) fun for girls and boys. Simple and safe, cardboard construction has never been this easy. Anything is possible from a gnome to a knight, a critter to a castle as the happy makers up-cycle, up-skill, problem solve and develop critical 21st century thinking skills. This kit includes a safe (no sharp edges) steel cardboard saw for competent makers. A1

- 1 x SAFE-SAW; Steel blade with no sharp edges to swiftly saw cardboard. CONNECT EASILY:
- 1 x SCRU-DRIVER; Connect cardboard as simply as righty tighty, lefty loosey.
- 36 x SCRU; Connects up to three layers of corrugated cardboard.
- 12 x SCRU XL; Connects up to six layers of corrugated cardboard.
- 1 x BONUS MINI-TOOL; For parallel and cooperative making.

STORE NEATLY:

• 1 x TOOLBOX; Packaging opens into a handy sort & store toolbox. Fold down to pack away into the outer sleeve for storage.

E735507 \$32.40

Makedo Invent 360pc

Ages 7 years + / Grades 2 + Suitable for classrooms, libraries, workshops, birthday parties, maker spaces, design studios and delightfully ambitious home projects (like the biggest cardboard fort... ever), this large toolbox will ignite the creative genius in all who use it. A1

What do I get? **CUT SAFELY:**

- 14 x SAFE-SAW; Steel blade with no sharp edges to swiftly saw cardboard. FOLD EXPERTLY:
- 7 x FOLD-ROLLER; Perforate lines to sculpt like a pro.

CONNECT EASILY:

- 7 x SCRU-DRIVER; Connect cardboard as simply as righty tighty, lefty loosey.
- 240 x SCRU; Connects up to three layers of corrugated cardboard.
- 80 x SCRU XL; Connects up to six layers of corrugated cardboard.
- 12 x MINI-TOOL; For parallel and cooperative making.

STORE NEATLY:

• 1 x TOOLBOX; Packaging opens into a handy sort & store toolbox. Fold down to pack away into the outer sleeve for storage.

E735509 \$205.00

Makedo Scru-Driver 7pc Set

Ages 7 years + / Grades 2 + Simply punch a hole through the material, insert the SCRU into the socket on the end of the SCRU-DRIVER, and then with a few quick turns the cardboard will be securely joined.

Makedo Safe Saw 7pc Set

Ages 7 years + / Grades 2 + Steel blade with no sharp edges to swiftly saw cardboard. Reverse the tool to punch holes for the Makedo SCRU. E735511 \$71.90

Makedo Fold-Roller 7pc Set

Ages 7 years + / Grades 2 + Sculptural forms have never been this easy. The FOLD-ROLLER enables precise, controlled manipulation of cardboard. From simple linear folds to complex organic contours, discover your inner artist with this advanced cardboard construction tool.

Makedo Mini Tools 12pc

Ages 7 years + / Grades 2 + Punch a hole through the material using the MINI-TOOL, insert the SCRU (not included) into the socket on the MINI-TOOL, and then with a few quick turns the cardboard will be securely joined.

DESIGN & MAKE

KEVA® Brain Builders - Junior

Ages 4 years + Train young brains to think in multiple dimensions with this interactive STEM tool! Brain Builders Junior combines 20 KEVA planks with a set of stimulating puzzle cards. Perfect for even the youngest of builders—each card features a fun, recognizable 2-D object and the goal is to recreate the pattern into a 3-D structure. The picture cards are numbered in order of difficulty—ranging from beginner to expert. Manipulate the KEVA planks to successfully duplicate the balance, proportion, composition, and geometry featured on each card.

E735088 \$24.90

KEVA® Maple 1000

Ages 5 years + Hardwood maple planks are perfect for classrooms, museums and other settings that need maximum durability for heavy use. This 1,000-plank set is packaged in a beautiful wooden bin with wheels and rope handles and includes 20 KEVA balls and a Guide Book. Dimensions of the bin are approximately 17" x 17" x 17" and wheels raise the bin 2" off the ground. △4

E735089 \$599.90

KEVA® Structures

Ages 5 years + Develop a knack to stack! No glue or connectors required...simply stack wood planks to create buildings, monuments and geometric forms. It's the ideal activity to help kids gain an understanding of balance and proportion, as well as an interest in architecture, building and design. △1

KEVA® Maker Bot Maze

Ages 7 years + / Grades 2 + Calling all creative thinkers and curious minds—it's time to tinker! The KEVA Maker Bot Maze lets you experiment, innovate and create with precision-engineered KEVA planks and a variety of doodads and gizmos! Customize a pair of motorized bots using crafty items found within this one-of-a-kind kit. The more unique looking, the better! Creativity is the key to becoming a master maker. △1 △3

What will you create?

- · Strengthens understanding of design, strategizing, and proportion
- Creativity meets building

 OKEVA Planks, 8 KEVA half planks, 25 connectors, 2 motorized bots, 6 tumble blocks, and 3 bumper balls
- · Googly eyes, pipe cleaners, feathers, pom-poms, glue dots, tape, string, felt, and craft foam

E735086 \$56.90

KEVA® Brain Builders

Ages 7 years + Approach KEVA from a whole new angle with this interactive STEM too! Brain Builders combines 20 KEVA planks with a set of double-sided puzzle cards. Each stimulating card features a 2-D challenge on one side and its solution on the other. The goal is to recreate 2-D patterns into 3-D structures. The 2-D cards show the design from different angles highlighting the front, side, and overhead view and increase in difficulty from beginner to expert.

E735087 \$24.90

KEVA® Maple **Structures**

Ages 5 years + Hardwood construction blocks. Every plank is the same size 1.9 x 11 x 0.6 cm (3/4" W x 41/2" L x 1/4" thick). Each set includes two plastic storage bins and instruction/game book.

200-Piece Set. E735217 \$148.95 set 400-Piece Set. E735218 \$234.90 set

Tumble Trax™ Magnetic Marble Run

Ages 5 years + A great new way to introduce STEM for Kindergarten. Grab the 10+ magnetic foam pieces, follow the design on the included activity cards, and create a crazy ball run – now drop the ball and see if it can follow the path into the cup. Endless combinations of designs add for multiple levels. Δ1 Δ4 Δ6

E434102 \$36.95

Create-A-Maze™

Ages 5 years + A great new way to introduce STEM for Kindergarten. Follow the design on the include activity cards and plug the curvy, colourful pieces into the board. Up to 4 players can tilt and guide the marble around the maze and into the cup. Endless combinations of designs for multiple levels of play! $\Delta 1 \Delta 4 \Delta 6$

E434103 \$44.95

Strawbees® Inventor Kit Ages 6 years +

- Build, test, and modify large-scale mechanical structures that include intricate hinges and joints for infinite exploration
- Recyclable plastic connectors are easily modified and super flexible
- Can be combined with almost any materials or systems to design and create anything you want
- Provides a balanced representation of science, technology, engineering, art, and math projects
- Each kit includes an instruction manual
- Includes 450 pieces and 21 projects ∆1

E735164 \$49.90

Our connectors and construction pipes are also extremely durable and designed to be used tons of times, while using the lowest amount of material of any similar educational brand. We truly care about the world, and we want to educate kids in material science, environmental science and re- & up-cycling. We also use the cleanest plastic in the world, Polypropylene (PP) which is 100% recyclable.

Strawbees® Coding and Robotics Kit

Ages 10 years + Learn about electronics and coding with motors, sensors, and LEDs. Combine Strawbees® creations with the code created in the included Quirkbot to bring creations to life. Students learn to solve problems by modifying their creations or changing the code to make their ideas work. **\Delta 1** Includes

- 300 Strawbees® pieces
- 300 Strawbees pieces
 programmable Quirkbot
- servo backpack and motor
- electric Strawbee®
- 10 dual-colored LEDs
- 10 dual-colored I2 light sensors
- mini screwdriver
- E735167 \$148.00

- USB cable
- · servo extension cable
- 6 alligator clips
- snap-on eyes with stickers
- boots
- magnetic duck feet
- instruction manual

Strawbees® Crazy Scientist Kit

Ages 8 years + Build, test, and modify largescale mechanical structures that include intricate hinges and joints for infinite exploration. $\Delta 1$

- Recyclable plastic connectors are easily modified and super flexible
- Can be combined with almost any materials or systems to

design and create anything you want

 Provides a balanced representation of science, technology,

engineering, art, and math projects

- Each kit includes an instruction manual
- Includes 1,200 pieces and 21 projects
- Projects include making a morphing arm to extract rocks or

a geodesic dome base **E735165 \$99.90**

Octa-Clip - Set of 50

Ages 3 years + Fixed and rotating connectors allow students to imagine, plan and build any structures. They are great for any project using cardboard and other panel materials such as coroplast, thin plywood or foam core. Think it and build it with Octa-clips!

E730755 \$19.95

Octa-clip Complete Set

Ages 3 years + Includes 50pc Octa-clips/design booklet and storage bucket. E434884 \$30.75

Transparent Planks & Octa-Joiners

Ages 3 years + / Grades K + Light up your building centre with translucent building planks. These planks are designed to be stackable in all directions. Construct on top of a light panel for added fun. Each plank measures 4.6" x 0.93" x 0.3" (11.75cm x 2.35cm x 0.8cm). Comes in 4 translucent colours. Use the Octa-Joiners and slot the planks in to create new angles and even a 90 degree angle for more secure constructions.

Transparent Planks with Octa-Joiners, Set of 200 Planks and 20 Octa-Joiners Stored in a reusable plastic container

E731011 \$67.95

MATH KITS SMALL GROUP

ALL NEW Convenient, Affordable, Ready to use!

Math Kit To Go Dice Kit

Ages 6 years + / Grades 1 + 212 piece assorted dice all packed in a 10 compartment container for convenience. Can be used in small group settings or shared between classrooms.

Kit Includes:

- 24 Green Dot Dice
- · 24 Red Dot Dice
- 24 Blue Dot Dice
- 24 Yellow Dot Dice
- 24 (6-sided dice 1-6)
- 20 (8-sided dice 0-8)

- 20 (10-sided dice 1-10)
- 20 (12-sided dice 1-12)
- 12 (20-sided dice 1-20)
- 20 Math symbol Dice
- 1 Clear 10 compartment container with

clear lid

E96060 \$82.92

Math Kit To Go Shapes & Dice Kit

Ages 6 years + / Grades 1 + A 400 piece variety math manipulatives assortment representing basic shapes and dice including a mass set for basic weight tasks Assorted Dice all packed in a 10 compartment container for convenience. Can be used in small group settings or shared between classrooms.

Kit Includes:

- 4 x Coloured Circle Dice Set of 5
- 1 x 3D Geometric Shape Dice Set of 6
- 1 x Pattern Blocks Clear Set of 49
- 1 x Pattern Blocks Dice Set of 6
- 1 x Red and Blue 2-Colour Counters Set of 50
- 2 x Logic Block Dice Set of 4
- 1 x Clear Colour Tiles Set of 52 E96063 \$64.92
- 1 x Interlocking 1 cm Cubes Set of 100 (10 colours) • 1 x Metal Mass Set of 11 (1 g, 2 g, 5 g, 10

 - g, 20 g, 50 g)
 1 x Colour Counters Set of 100 (4 colours)
 - 1 x Clear 10 Compartment Container with Clear Lid

Math Kit To Go Algebra

Grades 6 + A convenient kit to add to any classroom and contains enough algebraic math tools for a small group of students. This kit contains eight 35 piece algebra sets and 24 algebra dice and comes packaged in a compartment storage tray for easy storage after use.

E96072 \$49.92

Math Kit To Go Assorted Counters

Grades 1 + Engage students with this assortment of counters set! Packed with a variety of different types of counters, students explore counting, sorting and classifying, probability, patterning, and algebraic models. Great for small group work and packed in a convenient storage tray!

E96073 \$32.92

Math Kit To Go

Measurements & Weights

Grade 5 + This math tools kit will engage students to explore and learn measurement and compare weight using a variety of objects in or out of the classroom. Great for small groups and comes packed in a container for easy

Set Includes:

- 2 x Metal 11 pcs weight set (variety of weights)
- 100 x 1 cm Cubes
- 8 x Wind up measuring tape (60" / 150 cm)
- 8 x Fiberglass measuring tape (60" / 150 cm)

Math To Go Kit 1 cm Cubes

Ages 6 years+ / Grades 1 + Cubes are one of many math tools to help students develop spatial sense. Students explore the learning of measurement, including creating and identifying various patterns as well as algebraic models learned with various patterns. The selection of colours in the 1 cm linking and non-linking cube kit opens up the possibilities in probability experiments too. Total of 500 pieces in a variety of colours for small group or individual use, his kit is conveniently packaged in a storage container for easy storing when not in use.

E96074 \$28.92

MINI KITS

Affordable resources perfect for:

- at home learning
- one-on-one teaching or small groups
- parents involvement
- after school programs

CUBES

Hex-a-Link[™] 2 cm Cubes (10 Colour)

Hex-A-Link Cubes are a versatile collection of 2 cm interlocking cubes that come in ten colours and connect on all sides. They are pleasant to handle, easy to manipulate and, although simple in concept, can be used to develop a wide variety of mathematical ideas at many different levels of complexity. The cubes are useful for developing patterns based on colour. When they are used to build three-dimensional structures, they lead naturally to the concepts of volume and surface area. Hex-A-Link™ Cubes are also useful for geometry and spatial sense activities . A 1

Linking Cubes Classroom Set (504 pcs Set)

Ages 3 years + Set includes blocks in 10 bright colours, comprising 400 cubes, 50 triangles, 50 quadrants, 4 base boards and 20 x 2-sided activity cards in sturdy storage container. Cube measures 2cm square. Each baseboard measures 20cm. △1

Ten-Frame Connecting Numeration Board

Grade K + Ten-Frame are two-by-five rectangular frames into which counters are placed to illustrate numbers less than or equal to ten, and are therefore very useful devices for developing number sense within the context of ten. Various arrangements of counters on the **Ten-Frame** can be used to prompt different mental images of numbers and different mental strategies for manipulating these numbers, all in association with the numbers' relationship to ten. Suggested activities included. $\Delta 1$

Magnetic Demonstration Ten-Frame Set

This set includes: 4 magnetic frames (33 cm \times 13 cm) and 40 - 5 cm counters (20 red and 20 blue).

MATHEMATICS

NUMBER SENSE & NUMERATION

Ladybug Connecting Ten-Frame Grade K + The Ladybug Ten-Frame works in

the same way as the original Ten-Frame. This ten-frame will appeal to younger students. In representing numbers, we begin by placing cubes in the cells. We have designed the Ladybug Ten-Frame in such a way that they can be attached side by side to show numbers greater then ten. You can use your own two-coloured cubes or purchase the complete kit below, so that you can vary the tasks and ask "How many?" questions. \triangle 1

Frameworks is Completely Compatible with Polydron!

This fully interactive frame building system fits perfectly with Polydron, providing another dimension in learning. Through "windows", students can investigate shapes and angles, edges and vertices. An excellent tool for more advanced students, Frameworks allows students to see beyond construction to the underlying principles in mathematics and technology.

G. Magnetic Foam Tangrams Demonstration Size Set

Use to demonstrate Tangrams to the class or have students use them on individual whiteboards. EVA foam construction ensures a quiet classroom. Set of 28 pieces in 4 colours. 20 cm pieces. Magnetic board not included.

E93847 \$14.10

Pentominoes Group Sets

Pentominoes are colourful plastic shapes composed of 5 squares each, all of which must share at least one side. The set of 12 shapes can be arranged to form many interesting, recognizable figures. A great tool for students to problem solve, communicate, reason and explore spatial sense. Includes: 18 opaque sets, 1 clear set, 1 Enhanced Points of Departure with Pentominoes (22 pages), and 1 container. NOTE: Each set comes in a random colour. No colour choice.

MATHEMATICS

MEASUREMENT - TEACHING TIME

Grades 1+ Ages 6 Years + The mathematics in this clock:

24 Hour Clock

· Students need to tell and write time to the hour and half hour and this clock marks 60 minutes and 30 minutes

10 cm

- Students need to tell time to the quarter-hour using demonstration analogue clocks. The inner circle on this clock helps students see the quarters (15) and provides benchmark words like "after" so they know it is a quarter after 10 or a quarter to 11 depending on the minute hand.
- · Students need to read time using analogue clocks to the nearest five minutes (which are all marked on the inner circle of the clock) and represent time in 24 hour notation (which are all marked on the inner circle of the clock). Students often have difficulty connecting which hand is minutes and which are hours but the colour coordination of minute hand to minutes (green) and the hour to the hours (yellow) really supports student learning. A 1

MATHEMATICS

MEASUREMENT - INSTRUMENTS/BALANCES

Grades 1-7 This versatile new balance can be used to measure volume and make comparisons with liquids and solids. Graduated 1L buckets with lids and pouring spout. Comes with plastic weights (14 pieces: 2 x 20 g, 4 x 10 g, 8 x 5 g) and metal weights (11 pieces: 1-50 g). ▲1

E86224 \$43.90

E83292 \$17.90

Primary Pan Balance Grades K-6 / Ages 4 Years+ This balance features translucent, large capacity pans marked at 200 ml increments which hold up to 1 litre of liquid or solids. Compensator clips for level and accurate measurements. 5 - 1g, 5 - 5g and 5 - 10g stackable weights included which can be easily stored in the bottom of the base. Made of durable, washable plastic. Assembled dimensions 45.5 cm x 33.7 cm. Δ 1

Grades 1+ / Ages 6 Years + The allplastic trundle wheel comes with a loud, non-wearing, clicking device which is activated in either direction with each full metre revolution. It is a unique method for measuring long distances in the classroom or outdoors. Comes apart into 2 pieces for storage and is easily re-assembled.

E04555 \$22.00

one metre or half metre. Non-slip rubber tread makes measuring on any surface easy! Extendable handle adjusts to three different lengths. The perfect trundle wheel for every classroom!

E86546 \$23.85

Tape Measure

Grades K+ The perfect tool to introduce kids to measurement while they're having fun! Sturdy plastic tape measure is just the right size (17.5 \times 19 x 7.5 cm) for small hands. The tape measures up to 1 meter

E435910 \$18.70

MATHEMATICS

MEASUREMENT - VOLUME/SCALES

Liquid Measures Comprehensive Set

Grades K+ Includes 5 sturdy plastic bottles with lids, 3 liquid measuring cups, a dry measure set and 6 measuring spoons. Imperial and metric equivalents. **E85640 \$30.55**

A. Plastic Bottle Set

Set of 5, sturdy plastic bottles with screw on lids. Includes 1 gallon/ 4000 ml, 2 quart/ 2000 ml, 1 quart/ 1000 ml, 1 pint/ 500 ml, and 1 cup/ 250 ml. Metric and imperial equivalents.

E85788 \$20.70

B. Measuring Cups

Set of 3 measuring cups with handles. Marked in ounces, cups and milliliters. Includes 8 oz, 16 oz, and 32 oz. Metric and imperial equivalents.

E85790 \$4.85

C. Dry Measure Set

Set of 5 transparent dry measure cups. Includes 29.5 ml/118 cup, 59 ml/ $\frac{1}{4}$ cup, 79 ml/ $\frac{1}{3}$ cup, 118 ml/ $\frac{1}{2}$ cup, 236 ml/ 1 cup.

E85642 \$3.10

D. Metric Spoon Set

(Set of 6) Each set includes one each of 62ml ($\frac{1}{8}$ tsp), 1.25 ml ($\frac{1}{4}$ tsp), 2.5 ml ($\frac{1}{2}$ tsp), 5 ml ($\frac{1}{8}$ tsp), 7.5 ml ($\frac{1}{2}$ tbs), and 15 ml ($\frac{1}{8}$ tbs).

E85644 \$2.10

Graduated Measuring Cylinders

Seven easyto-read, plastic graduated cylinders made of durable, tough transparent polypropylene plastic with embossed calibrations for easy

measuring. Excellent for all grades with the wide, stable bases. Chemical and acid resistant, autoclavable (dry heat up to 120° C and wet heat up to 80° C) and microwavable.

Jolly Phonics Starter Kit Extended

Ages 4-5. Resources cover 5 skills for reading and writing, contained in a bright carrying case. Includes (in print letters): The Phonics Handbook; Jolly Songs, Level 1 Set (18 titles), Jolly Readers, Level 2 Set (18 titles), Jolly Phonics DVD, Wall Frieze, Letter Sound Strips, Finger Phonics Big Books 1-7, Word Book, Cards, Alternative Spelling and Alphabet Posters, and Tricky Word Wall

Flowers. **E750975 \$649.95**

Jolly Phonics Student and Teacher Books

These 48-page student books provide activities to practice reading and writing skills. Book 1 features all the 42 letter sounds and covers letter formation, listening for letter sounds, blending activities, and the first set of tricky words. Book 2 continues to build on those skills and introduces more tricky words, alternative letter sound spellings and basic sentence structure to encourage independent writing. Book 3 consolidates Books 1 and 2, and introduces new spelling patterns, tricky words, plus long and short vowels. The Teacher's Book provides detailed lesson guides for each corresponding page in the Student Books.

E751141 Student Book 1 **\$9.15 E751145** Student Book 3 **\$9.15**

Jolly Phonics Orange Readers (in Print Letters) Complete Set

Grade K The complete set of 21 Orange Readers (Sets 1-7) that provide a gradual and structured start for children still learning how to read. These general fiction readers cover the 42 letter sounds across 7 sets, with each covering one particular set. The text in the first three books uses only decodable regular words made up from the first group of letter sounds; the text in the next three books uses only the first and second groups of letter sounds, and so on. A small number of tricky words are included in the final set of books. Comprehension questions and discussion topics are provided at

the end of each book. Each book also includes guidance for teachers and parents. Light type is used as a guide for those few letters that should not be sounded out, such as the /b/ in 'lamb'.

- 3 different books per set, all 21 titles in Complete Set
- 12 pages per book
- 1 Sentence per page (approx.)
- Set 7 also includes the tricky words I, the, she, he, me, we, be

E752224 \$89.95

Jolly Phonics Magnetic Letters

Grades K + A tub of 106 lower case magnetic precursive letters. Consonants are in red and vowels are in blue. Tub contains 2 each of the 42 letter sounds, 4 each of the vowels a, e, i and o, 6 each of m and d. Both c and k, and q and qu are included. Y is included both in red and blue (as both consonant and vowel). $\Delta 1$

E751927 \$46.95

Literacy Centres

These self-checking centres invite children to practice core literacy skills. Each centre includes 4 work mats or set of boards, step-by-step instructions, teaching notes, and a sturdy, plastic storage case. \triangle 1

Handwriting Without Tears®

by Learning Without Tears™

Handwriting Without Tears®

How well children succeed in school and in life depends on the people in their lives and on their early environments. It is important to help them develop a strong foundation. **Handwriting Without Tears**® is the only program to build skills in the following areas:

- Sensory
- Visual Perceptual
- Motor (Fine/Gross)
- Cognitive/Language
- Social/Emotional
- Playing & Singing

Get the Set and Save!

Grades K + (Ages 3 years +) Kits consists of 26 Wood Pieces (E39120), 26 double-sided Capital Letters Laminated Cards (E39124), and 6 Blue Mats (E39122) for building letters independently.

E445576 \$199.92

A. Capital Letter Laminated Cards

Ages 3 years + (Grade K +) Ideal for children who are just learning capital letters. Set includes 26 double-sided 8½" x 11", laminated cards. After using the letter cards, children learn to build letters independently on the 8½" x 11" blue Mat. The smiley face reminds them where to start, and is a guide to stop reversals of letter formation. E39124 \$56.95

B. Mat for Wood Pieces

Ages 3 years + (Grade K +) The smiley face will organize and orient children. The Mat helps children form letters independently, without reversals.

E39122 \$11.95 each; 6 or more \$11.35 each

C. Wood Pieces Set for Capital Letters

Ages 3 years + (Grade K +) The Wood Pieces Set and activities help children develop fine motor, social, vocabulary, and letter formation skills. Wood Piece activities teach basic size, shape, and position concepts. The set includes 26 pieces: 8 big lines, 6 big curves, 6 little lines, and 6 little curves.

E39120 \$83.95

D. Blackboard with Double Lines

Ages 3 years + (Grade K +) This classroom tool is used to teach lowercase letters in both print and cursive, letter placement on lines, and cursive connections. Size: 25 x 42.5 cm.

E39134 \$36.95 each

E. Slate Chalkboard

Ages 3 years + (Grade K +) The Slate Chalkboard is used to teach and remediate capitals and numbers. The smiley face at the top left corner reinforces top-to-bottom, left-to-right directionality. Children write capitals and numbers in a consistent size on the 10 x 15 cm slate. Improved finger dexterity helps to develop good pencil grips.

E39132 \$13.85 each; 6 or more \$13.10 each

F. Stamp and See Screen®

Ages 3 years + (Grade K +) Stamp capital letters on the Stamp and See Screen™ using the magnetic stamps. Use the chalk-like tool to trace letters or form them on your own. Set includes 10 x 15 cm screen in plastic frame, 4 magnetic stamps, and magnetic writing tool. This product contains a magnet. Adult supervision is recommended. ▲1

E39200 \$39.95

Handwriting Without Tears

SENSORY DEVELOPMENT

Moon Balls

Ages 3 years + These stress balls have an awesome texture and make a great fidget toy. Extra tough and durable. Assorted colours. Hand-washable.

A. E34427 Full Moon \$10.45 each

B. E34429 Half Moon \$10.45 each

Discovery Disc™

Ages 4 years + Need some quiet time or feeling bored? Grab the Discovery Disc™! This hands-on sensory tool engages fine motor skills as you try to find the animal pieces hidden among the colorful pellets. Looking for the hidden objects aids in visual perception, and naming them as you find them aids with speech therapy and play. Squish the disc, manipulate it and even toss it (gently) like a frisbee with friends. The disc weighs just over a pound, so it also doubles as a lap pad to help children sit still for short periods of time. Use with adult supervision. Made of vinyl with plastic pellets and objects securely sealed inside. 8" diameter and weighs 17 oz. Surface wash. Use with adult supervision. ▲1

E34618 \$59.95

Mini Gel Pads, Different Shapes - Set of 4

Grades K + (Ages 3 years +) These mini shaped gel pads will encourage learning through touch but without any mess or getting dirty. Use to trace letters or shapes or simply to fidget. Made from non-toxic ingredients and easy to clean. Shapes measure approximately 8.9 cm (31/2").

E39829 \$23.95

Textured Gel Filled Alphabet

Ages 3 years + This Sensory Gel Alphabet Set of 26 uppercase is a great tactile tool to help children learn their ABC's. The squeezable gel alphabet provides a multi-sensory learning experience that makes learning and practicing fun! Manipulate, squeeze, touch, or trace the letters. The size of the letters is easy for early learners to grasp, pick up and move

around. An excellent tool for teachers to incorporate into visual learning activities. Great for at-home use to practice and reinforce the alphabet. Letters measure 11.4 cm (4½") in height.

E471157 \$76.95

Gel Bead Filled Shapes - Set of 4

Ages 3 years + Help children experience shapes, colours and textures at the same time—right in their own hands! Each squeezable shape is filled with colourful gel beads that engage kids' senses—perfect for fidgeting and building fine motor skills. 4 piece set 4 shapes—each in a different bright colour kids will love. Also great as bean bags for use in cornhole games. Shapes measure approximately 12.7 cm (5").

E39826 \$23.95

Jacob's Ladder

Ages 5 years + Loosen up your wrist! It's the enchanting folk toy that performs tricks and optical illusions with every turn of your hand. Kids and adults alike who benefit from fiddle toys will love this visually mesmerizing activity. Beautiful wooden construction provides an enjoyable clacking sound with every twist of the wrist. An irresistible kinetic illusion. Featuring colourful, durable wood with a fabric ribbon.

E39636 \$10.95

SENSORY DEVELOPMENT

Sensory Playtivity™ Sensory

Captivating, soothing tactile and visual sensory experiences for early learners or those with special needs are delivered with these 5" diameter Sensory Discs. Also perfect for fidgety students, these discs are made for touching, squeezing, exploring and

A. Scaly Stuff!

The special flip-flopping sequins have an iridescent quality that changes colors with light refraction. When a finger traces through the scaly maze of sequins they flip over and turn black leaving a design. Roll back in the opposite direction and they return to shimmering colors. Scaly stuff also has magnetic backing to adhere the disc to metal surfaces. 1

E39628 \$36.95

Focus Fidgety[™] - Small Manufacture recommended age for Ages 3 years + Focus Fidgety™ can help you maintain focus and process information. Can also be helpful in maintaining socially acceptable behaviours. Focus Fidgety™ provides an outlet for excess energy, making it easier for the child to control or reduce their impulsive reaching out and touching of neighbours and/or objects in their immediate environment. Teachers love Focus Fidgety™ because it doesn't look like a toy, and the non-elastic, latex-free wrist band and smooth finger loops keep it in the hand and not in the air or on the floor. Made of soft, cotton corduroy and filled with PET pellets. Size: 3" W x 4" L. 1

new

Create and Play Sensory Beads

Ages 3 years+ The brightly colored material is soft and flexible, yet durable enough for lots of touching and squeezing. Each shape has a recognizable geometric form: triangle, circle, oval, rectangle, square, hexagon. The surfaces have raised bumps, ridges and grooves that reflect the overall shape and stimulate the sense of touch. Each textured bead has an extra-large threading hole, making it easy to string them all together using a variety of materials. Use this set of sensory beads to help kids reduce stress while developing fine motor skills. The material is excellent for art activities. Press the shapes into clay to create fun, squishy patterns. Dip them into paint or press them into an ink pad to create colorful artwork! Package of 24 in 6 shapes with size range from 1.3125" -1.875" (3.3—4.8 cm).

E471312 \$51.95

Pin Art™ with Black Frame

Ages 8 years + These pins don't prick but leave an intriguing sensation when touched. Flip Pin Art™ over so all the pins are touching the clear plastic surface. Carefully place your hand or another object on the back and flip again to see a 3-dimensional relief appear. A great way to explore the combination of touch and free form art. 10 x 13.75 cm block frame. This is not a toy. ▲1

Designed with a gently rounded bottom. Ideal for classrooms, day cares, and libraries. Benefits: Increases Secondary Focus: Continuous movement while sitting relaxes the right side of the brain, leading to better focus, provides an outlet for children with high energy and ADHD or Autism. Homework, reading, drawing, eating or board games are no longer sedentary activities. Gentle-rounded base moves with child and rests naturally upright. Anti-Roll Safety: A patented anti-roll safety ring on the base prevents tip-overs and falls. Patented textured design on seat and base to prevent slips; no rubberized bottoms because it holds dirt that causes scratches and scuffles to school floors.

Ages 3 years + The sturdiest, most functional rocker board ever! Our Rockin Rocker Board helps improve balance, motor planning and coordination. Use for righting and tilting reactions in multiple positions - sitting, kneeling, standing, or it can be placed under a desk to keep feet busy. Built to stand up to heavy use. Holds 200 lbs. 15" square. 4" H. Wood. Wipe clean. Always use with adult supervision.

Rockin' Rocker Board

E34604 \$159.95

Bouncy Bands®

Kids now have an outlet for excess energy while working, alleviating anxiety, hyperactivity and boredom – increasing focus and academic performance. An independent Clemson University study concluded that students using Bouncybands® focus and stay on task 10% longer than without them. Teachers like how kids are able to get more work done in class when students have a way to stay on track better. Improves academic results as extra focus leads to higher grades and better behaviour & Installs in seconds - No tools required

Elementary Chairs

Ages 5 - 18 years The bands are 13" and stretch to fit chairs up to 17" wide. Each set comes with 2 support pipes that keep the band in place so it won't slide down to the floor with repeated use.

Details:

- Students with short legs enjoy being able to rest their feet on the Bouncyband® instead of having them dangle all day
- Chairs can be lifted, moved and stacked, while the 4" support pipes and bands stay secured

Bouncyband® for Elementary Chairs can be used with kindergarten chairs and they also stretch to fit up to fifth grade chairs.

E34184 \$22.95

Bouncyband® for Middle & High School Chairs Ages 8 years + / Grade 3 + Kids have an outlet for excess energy while working - alleviating anxiety, hyperactivity and boredom - increasing focus and academic performances. Latex free & easy to install - no tools required.

Details:

- Bands stretches to fit chairs with legs 17"-24" apart
- Support pipes are 4" long and 1.5" in diameter

E39681 \$22.95

Standard Desk with Blue Support Pipes Ages 6 - 18 years The latex-free bands have solid rubber loops on the ends to quickly slide up the desk legs. Each set comes with 2 support pipes that keep the band in place so it won't slide down

to the floor with repeated use.

Details:

- Desks can be moved around the room without the support pipes falling off
- The bands are 20" long and stretch to fit desks 20-28" wide

E34183 \$22.95

Hopscotch Liquid Floor Tiles, 20" - Pack of 10

Ages 3 years + Turn any floor into something magical! A wonderful visual and tactile experience. Screen printed with brightly coloured numbers - these gel floor tiles are great for a variety of games and for learning/teaching numbers. Ideal for use in sensory rooms as each tile is filled with bright liquid gel, that moves around and encourages visual stimulation as well as movement and touch. These tiles with numbers will withstand jumping on and strenuous use by children and adults. Can also be used on a table top of any flat surface. Simply apply a little pressure to create a dramatic visual effect. Non-slip backing - no installation required.

E39825 \$512.95

The Fun Tube

Ages 3 years + Excellent fun for developing cooperative play. Great for muscle development. Stimulate the imagination for creative playtime. A total see through design for great fun. Kids love to wiggle and squiggle through these "mesh" tunnels. Allows the younger children the ability to see everything, but still provides hours of fun. The sturdy spring steel construction and fine mesh see through design will provide enjoyment for kids from 3 and up. Expanded length: 6 feet long. The tunnel collapses down for easy storage and carrying. Wipes clean with a damp cloth. Folds Flat for Space Saving Storage. Flame Retardant Nylon. Black mesh & blue trim.

SPECIAL EDUCATION

Essential Scissors Kit

Designed for use by teachers working in a classroom environment, this essential scissor kit includes a range of adapted scissors for special needs. Includes notes and guidance on general scissor usage. Kit includes: 1-Right Handed Self Opening scissor, 1-Left Handed Self Opening scissor, 1-Left Handed Dual Control Training scissor, 1-Right Handed Dual Control Training scissor, 1-Right Handed Standard Easi-Grip® scissor, 1-Left Handed Standard Easi-Grip® scissor, 1-Legt Handed Standard Easi-Gri

E33682 \$109.95

A. Standard Easi-Grip® 45mm Round-Ended Blade

Ultra lightweight self-opening scissors. Idea for use for early scissor skill development, or for special needs due to weak hands or those who are unable to use conventional style scissors. Scissors have functional sharp points or sharp edges, always use under adult supervision.

These Scissors Are Good For:

- Children being introduced to scissors
- Weak grip or poor hand strength difficulty isolating individual finger movements
- Children who struggle to follow instructions and directional commands
- · Children with small hands
- Children with undecided hand dominance who swap hands during a task

E34404 Right hand - Blue **\$16.50 E34406** Left hand - Green **\$16.50**

B. Mini Easi-Grip® Scissors

Mini Easi-Grip® scissors are 2/3 the size of the standard version and due to the minimal bias during the cutting action, can in most cases be used in either the right or left hand. Scissors have functional sharp points or sharp edges, always use under adult supervision.

E34416 \$11.50

C. Long Loop Easi-Grip® Scissor 45 mm Round-Ended Blade

Ultra lightweight self-opening scissors with long loop handles for additional stabilization. Designed for use by those with weak hands or wrists or who are unable to use conventional style scissors due to swollen and painful joints. Scissors have functional sharp points or sharp edges, always use under adult supervision.

E34408 Right hand \$17.95 E34410 Left hand \$17.95

Table Top Scissors - Plastic Base, 45 mm Round Blade

Designed for use by children and adults with very limited strength and control, or for use one-handed. The brightly coloured green plastic base provides stability while keeping the product lightweight. Scissors have functional sharp points or sharp edges, always use under adult supervision.

E34428 \$59.95

Self-Opening Scissor 45mm Round-Ended Blade

Conventional style scissors with a discreet spring that will automatically reopen the scissors. Ideal for children in a mainstream setting who need some extra assistance when using scissors. Scissors have functional sharp points or sharp edges, always use under adult supervision.

E34422 Right hand - Blue **\$16.50**

Dual Control Training Scissors 45mm Round-Ended Blade

Developed under consultation with Occupational Therapists. Assist child who has poor visual motor coordination; lacks the strength to complete a cutting action; has a tremor and cannot place the scissors at a given starting point; has poor background/foreground differentiation. Ideal for learning the opening/closing action of scissor skills. Scissors have functional sharp points or sharp edges, always use under adult supervision.

E34418 Right hand - Blue \$16.50 E34420 Left hand - Green \$16.50

ORAL MOTOR

Chewy Tubes™

Chewy Tubes™ are an innovative oral motor device designed to provide a resilient, non-food, chewable surface for practicing biting and chewing skills. These products offer children and adults a safe and effective tool for practicing biting and chewing skills. Therapists use Chewy Tubes™ in treatment with individuals to develop oral motor skills and up/down jaw motion for feeding. Youngsters seeking additional sensory input into the jaw enjoy biting on Chewy Tubes™. Assessment of the jaw is recommended prior to using Chewy Tubes™. Students should follow the recommendation of their therapist or caregiver when using Chewy Tubes™. Children with Autism require professional supervision when using Chewy Tubes™. Chewy Tubes™ are intended for individual use with adult supervision. Come in a variety of shapes, sizes and textures and do not contain latex, lead, BPA, PVC or phthalates. Children 3 years or younger require adult supervision.

A. Super Chew

Not recommended for children under 7 months of age. The Super Chew has been designed to provide positive oral stimulation for practicing biting and chewing skills. The Super Chew features a closed loop handle which is easily grasped by little fingers. The bitable stem of the Red Super Chew has a knobbly textured surface & the bitable stem of the Green Super Chew has a smooth surface.

E33887 Red \$9.85 E33889 Green \$9.85

B. Red (Smooth) - Large

The Red Chewy Tube is used normally with toddlers; it has a wider stem 12.7 mm OD. This tube can also be used by children who are receptive to oral tactile stimulation or with adults who have a larger jaw.

E35468 \$12.95

C. Green (Knobbly)

The Green Knobbly Chewy Tube has been designed to increase sensory input by means of the raised dots on the shaft. The shaft diameter is 15 mm OD. The Green knobbly Chewy Tube is slightly harder to chew on when compared with the Red Chewy Tubes.

E37724 \$12.95

Feels-Write Letter Stones

Ages 3 years + These beautiful stones offer a tactile and visual way of introducing young children to letter formation. Each stone is carefully engraved to provide important sensory feedback to help young children develop the movements needed for writing each letter. Starting at the green dot children will enjoy tracing each letter shape with their finger – over and over again – building important motor-memory skills. Each set contains 26 letter stones 3 - 5¼ inches (75-135mm) and an activity leaflet.

E434531 \$99.95

ABC Look & Feel Bag

Ages 3 years + Can you find all 26 letters? This fun, educational fidget makes for a great travel toy and visual perception tool. As kids search for all letters of the alphabet, the pellets encourage tactile exploration and fine motor coordination. Slightly weighted to double as a beanbag. Weighs 1 lb. 6" L x 6" W. Cotton exterior filled with PVC pellets. Colours may vary. Surface wash. Use with adult supervision.

Textured Touch and Trace

Grades K-3 (Ages 4-9) Help students identify uppercase & lowercase letters and learn to correctly print them with these textured tracing cards. Green dots show where to begin tracing and red dots show where to stop. Directional arrows teach correct letter formation. Each set includes: 26 textured lowercase (E37578) or uppercase (E37576) letter cards (4.25" x 5.5" each), multisensory activities for letter-sound recognition & instructions in English, and French.

E37576 Uppercase \$19.90 E37578 Lowercase \$19.90

Word Families Phonics Kit

HamiltonBuhl® NoiseOff™ 26dB

Ages 8 years + This elegant, intelligent and simple solution - developed by scientists and backed by audiologists - is a unique device with no electronics or batteries that uses patented technology to buffer out loud, harmful and distracting sounds, while still allowing speech to be heard at safe levels and without distortion.

Ideal for on/off situations where noise comes and goes, NoiseOff™ enables strainfree conversations in noisy environments without the need to remove the unit to hear. Beyond reducing noise, NoiseOff™ creates a peaceful environment, reducing stress levels and helping increase concentration and focus. NoiseOff™ is the essential device for kids with special needs and on the Autistic Spectrum. Designed for comfort, with a superior Noise Reduction Rating (NRR) of 26 decibels, NoiseOff™ is lightweight and compact, and has an adjustable headband. Hygienic - nothing goes in the ear, or traps heat around the ear. Foam ear cuffs sit at the outer ear canal and are impervious to mold, mildew and bacteria.

E39608 Black \$31.95

Noise-Cancelling Headphones with Case

These headphones are specially-designed to reduce harmful and annoying low frequency sounds in noisy environments. Comfortable for extended use, the over-ear leatherette ear cushions offer excellent added passive noise reduction. The 5' braided nylon cord make this unit ideal for use with any unit with a 3.5mm stereo audio input. Runs on one "AAA" battery (not included). Includes a handy zippered carry case for protection and easy storage. 1 year warranty.

- 40mm Neodymium magnet speaker drivers
- · Sensitivity: 110dB
- Impedance: 32 Ohms
- Frequency Range: 20-20,000 Hz
- Maximum Input (power handling capacity): 100mW
- Active Cancellation: Up to 20-25dB

E34332 \$78.95

Hearing Safe™ Hearing Protector

Help students learn that loud noise can damage their hearing and how to protect themselves. Use these protective earmuffs to safeguard students, staff, and faculty against hearing loss or as a noise buffer. Friendship Island®

Totand

Grades 1-4 This game focuses on making friends, being a good friend, and resolving disagreements in a win-win way. Players cooperate and help each other as well as answer questions about friendships to win points for themselves. The game also helps shy and socially delayed students explore friendship issues. Features two different games that use the same board but have separate questions. The second game involves more strategy, harder questions, more advanced vocabulary, and more opportunities for negotiation. Includes game board, six game tokens, Makinga-Friend cards, Good Times cards, Solving Problems cards, and instructions. ▲1 E36532 \$96.95

The Emotional Intelligence Game^{**}

Grades 2-8 Emotional intelligence is the ability to handle one's own emotions and to read and respond to others' emotions in ways that create positive relationships. Interestingly, research tells us that emotional intelligence may have more to do with life success than cognitive intelligence or academic performance. Although some children seem naturally adept at handling their emotions and getting along with other, ALL children can learn these skills. This entertaining and engaging game reflects the five areas of emotional intelligence: self-awareness; mood management; self-motivation; empathy; and relationship skills. The game utilizes the techniques of both cognitive behaviour therapy and social learning theory to help players build their emotional intelligence. For 2-6 players. E33485 \$68.95

Social Smarts[™]

Grades 2-6 Social Smarts™ helps children improve their social relations and communication skills. It is especially helpful for children who tend to misread social cues, including those who have been diagnosed with Asperger's Syndrome, or are at any other position on the Autism Spectrum. The game offers a fun way to learn about the thought choices children have when communicating with friends, parents and teachers, using specific concrete examples to promote flexible thinking and discourage rigid thinking. For 2-5 players. ▲1

E33482 \$56.95

SPECIAL EDUCATION

GAMES

Focus"

Grades 1-12 Research shows conclusively that the two treatments most effective in improving the attention spans of children diagnosed with ADD or ADHD are medication and behaviour modification. Focus is essentially a behaviour modification program in a box. This game give players much needed practice that improves their ability to stay focus on tasks, even with distractions. Both competitive and cooperative versions are includes for all grades. Difficulty can be varied by imposing a time limit and permitting the use of paper and pencil for certain tasks. For 2-5 players. $\Delta 1$

E33489 \$58.95

Bridge Over Worried Waters

Grades 1-8 Anxiety affects day-to-day activities and causes considerable emotional and physical distress as well as impaired academic and social functioning. Cognitive Behaviour Therapy techniques like relaxation, positive self-talk, and coping behaviours are incorporated into this game. There are both competitive and cooperative versions for 2-5 players. Learning objectives include: better understanding of situations that trigger anxious feelings; learning a variety of self-talk strategies and relaxation activities to decrease anxious feelings; developing improved emotional competence; and improving self esteem and self-mastery as a result. \$\Delta\$1

E33484 \$58.95

A. Bullies, Victims & Bystanders

Grade 2 + An excellent new game designed to raise a child's awareness of bullying. Every incident card has been weighted based on the severity of the bullying so that children can see how harmful this behaviour is. Children are encouraged to model good behaviour on how to overcome bullying. Now, after a bullying incident, teachers can invite those involved to play the game together in an effort to understand what it is like to be bullied and how to prevent future incidences of bullying. Contains 1 gameboard, 54 playing cards, 6 pawns, and a die. $\Delta 1$

E38664 \$51.40

B. Consequences

Grade PreK + A fun way to introduce or reinforce the ideas that there is a consequence for every action and behaviour. Each card has an everyday task or behaviour that results in a forward or back-ward move. Roll the dice to see how many stones you may travel. Follow the colourful stone path to the park, take a ride on the slide, go for ice cream, and end at Waterland! But watch out for the quiet time room! A1

E444566 \$38.95

C. The Impulse Control Game¹¹

Grade 2 + Design to help those with ADD, ADHD, and other conditions involving impulse control problems. The game teaches seven skills that have been proven to help students control their impulses, make good decisions, and avoid actions that are detrimental to themselves and others. Includes a booklet with complete lesson plans, and suggestions for further reading. For 2-6 players or teams. $\Delta 1$

E39112 \$92.95

D. Escape from Anger Island Game

Grade 1 + This game teaches six skills, with one skill the focus of each 15-minute session. Play multiple times to learn all six skills. As players move around the board, the goal is to avoid the dinosaur that is chasing them and escape from Anger Island. Skills include: problem solving, knowing your hot buttons, self talk, reducing stress, talking out conflicts, and relaxation. Also includes a reproducible anger management checklist, a skills record (to keep track of which players have practiced which skills), a booklet with complete lesson plans, suggested activities for practice between sessions, and questions for discussion. For 2-6 players or teams. $\Delta 1$

E39114 \$92.95

E. Social Skills Board Games

Grades 1-5 There are no right or wrong answers in these 6 unique board games. Players discuss solutions to socially challenging situations and decide upon the best action, encouraging all players to communicate and listen. The games target 6 important issues that students struggle with: morals, manners, empathy, friendship, showing emotions, and managing emotions. $\Delta 1$ E39070 \$51.40

FIRST NATION GOODS

1-877 838-5398 | Firstnationgoods@gmail.com

All orders are processed to ship Monday through Friday. They are shipped via Canada Post. Once you receive your tracking information, it can take up to 24 business hours for the tracking to update.

We strive to uphold the highest levels of quality customer service. It is our ultimate goal at First Nation Goods is to create life-long customers and we will do everything in our power to ensure that your experience with us is one that makes you want to shop with us again and again.

ORDER PROCESSING

Our standard processing time is one to two business days for all items that are in stock. Processing times are not calculated into the estimated delivery times. Depending on the amount of orders that we receive over the weekend will also possibly delay your processing time.

Orders are not processed on weekends or Canadian Holidays. Extra time maybe required for larger orders, orders requiring additional customer information, or out of stock items.
